Castro Seizes 166 More U.S. Firms

HAVANA (UPI)—Cuba confiscated 166 more American firms today, bringing the last of an estimated 1.25 billion dollars of United States assets here under government control.

For the first time, the seizures directly involved the U.S. government. Its 100-million-dollar Nicaro nickel mining complex in Orente Province headed the list of confiscated companies.

(In Washington, the State Department branded the new seizures another totalitarian step for the "foreign political purposes" of international Communism. It expressed deep regret that the Cuban people would be forced to undergo "economic hardships and dislocations" from state control of private enterprise.)

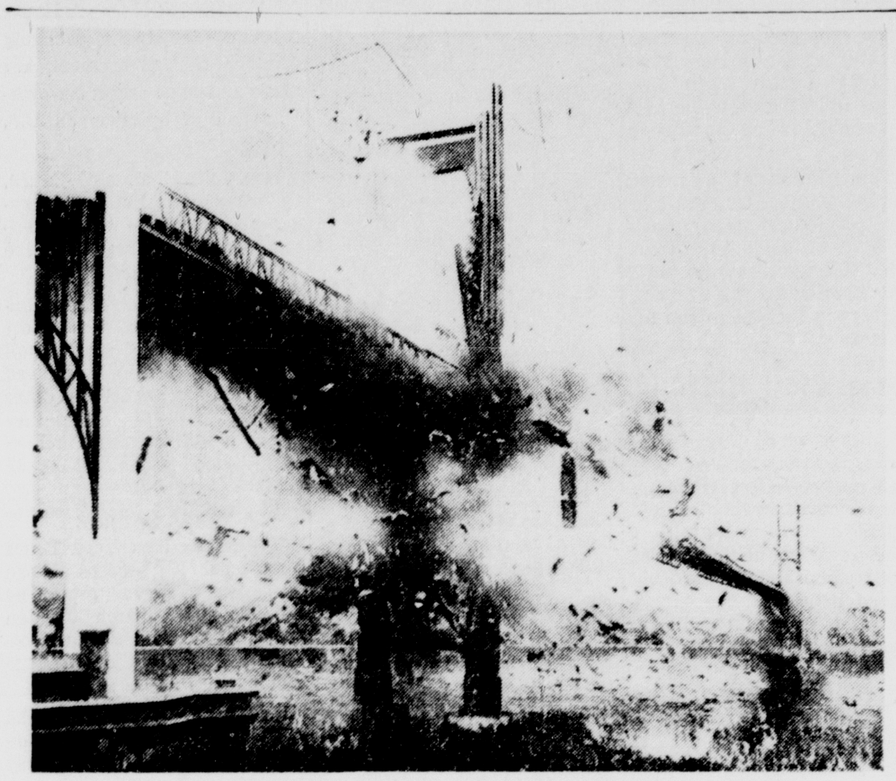

The Nicaro complex includes the Cuban Nickel Co., S.A., owned by the U.S. General Services Administration, and the Nickel Processing Corp., a private firm.

A government decree signed by Premier Fidel Castro and President Osvaldo Dorticos said the seizures were a reprisal for the recent U.S. embargo on exports to Cuba which, however, excluded certain foodstuffs and medicines.

Among the firs expropriated were many companies which the government earlier said it was merely "intervening," or operating for owners. After Nicaro, the biggest U.S. firm seized was the F. W. Woolworth Co., with 11 branches valued at 16 million dollars.

The total value of the new companies seized was estimat-

Schools' Share Of County's Budget Grows

Final Figures Show Education Getting 58% Of Total Sum

Marin County taxpayers are putting an increasing percentage of their tax money into their schools, the final budget of Marin County showed today.

The budgets, 288 pages long, were distributed to the board of supervisors today and are available to the public in the county auditor's office.

A record total of $33,581,615 will be distributed through the county budgeting procedures during the 1960-61 fiscal year. This is more than $1,500,000 higher than a year ago.

SPECIAL DISTRICTS

Included in the figure are county government itself, schools, state and federally controlled welfare programs and special districts in Marin. But it does not include tax monies spent by the cities through their own budgeting procedures.

Of the total budget, 19½ million dollars, or 58.2 per cent, was assigned to the schools. This is an increase of about $1,600,000 more than last year, when 56 per cent of the budget dollar went to schools.

County government actually decreased its total budget from $9,919,424 last year to $9,693,836 this year. But most of the saving was in bookkeeping regarding payments made for construction of the new civic center. The relative budget for county government, however, dropped from 30.9 per cent last year to 28.9 per cent this year.

INCREASES LISTED

Special districts and welfare programs both increased their total budgets slightly, but their percentage of the total each dipped one tenth of 1 per cent.

The final budget also showed that money to be collected from property taxes in all the agencies involved, also hit a new high, $16,130,255. This is more than two million dollars above that collected last fiscal year.

Here, too, the school districts showed large increases, while the special districts and county government each collect slightly more but get a lesser percentage of the tax dollar.

The schools will receive $9,469,948 from property tax this

Controversy Boils Over Letter On Fluoridation

Dr. Dufficy Replies To Committee Charge

Dr. Rafael G. Dufficy Jr., county medical director, today gave a point-by-point reply to charges leveled by Dr. Albert P. White, chairman of the Children's Dental Health Committee, in a letter to the Marin County Grand Jury.

Dufficy said he wrote Mr. and Mrs. Gus Kard of San Rafael his opinion on fluoridation of public water supplies, at their request. He opposes fluoridation.

Taking the five points of White's charges in turn, he declared:

1. "There is no political issue in which I am furthering my own interests. I have nothing to sell or promote. I only feel it is wrong to add medicine to drinking water.

NO ACTIVE STAND

2. "The (county) medical department has not taken an active stand pro or con. I only stated my opinion as is clearly set forth in the letter.

3. "There is no agency on which the county is dependent for health recommendations. The medical department is responsible for care and treatment; the health department for information and preventive medicine. Further, why is it so wrong for me to express an opinion while you by your own statement say it is all right for another county department to express an opinion as long as it agrees with you?

4. "You stated the 'average voter' does not distinguish between the health department and the medical department. By this statement, I know you are new to Marin as we have a very intelligent 'average voter' who is well informed on everything that he votes on. . .

TRUTH OF STATEMENTS

5. "As for your questioning the truth of my statements, I have documentation on all statements . . . I would like to bring to your attention the fact that the American Assn. of Physicians and Surgeons, consisting of over 20,000 doctors . . . denounce the fluoridation of water."

Dufficy noted that the letter circulated had the name of Marin Pure Water Committee at the bottom, below a copy of the

Supervisors Table Society's Criticism

Dr. Rafael G. Dufficy Jr., county medical director, is "misleading the residents of Marin County" on the issue of fluoridation of water supplies, the Marin County Medical Society told the county board of supervisors today.

The supervisors were not concerned.

A letter from Dr. Dallas L. Wagner, president of the society, read to the board by Dr. Arthur Albin, chairman of the society's public relations committee, said Dr. Dufficy's stand against fluoridation "is diametrically opposite to the opinion held by the over 200 physicians in the Marin County Medical Society."

The society "notes with concern," Dr. Wagner wrote, "a recent official letter concerning fluoridation" written Oct. 7 by Dr. Dufficy and widely circulated by the Marin Pure Water Committee.

ON NOV. 8 BALLOT

Even though the opinion in the letter "is obviously his own," the society's letter went on, "it is regrettable that the county physician, by using his official position, is misleading the residents of Marin County" on the issue of whether Marin Municipal Water District's water should be fluoridated. The matter is on the Nov. 8 ballot. It was defeated in the June primaries by 84 votes.

"The Marin County Medical Society unequivocally endorses the principle of fluoridation in Marin and strongly urges all to vote in favor of this measure," the letter concludes.

It was signed by Dr. Wagner for the board of directors of the society.

ANOTHER LETTER

Reading of this letter followed reading of another letter, by the Children's Dental Health Committee to the Marin County Grand Jury.

Dr. Albert White, chairman of the committee, appeared before the supervisors to read the letter. It called for a grand jury investigation of the "use of the medical department by Dr. Dufficy for the furtherance of his own personal purposes."

The board of supervisors ducked all responsibility or involvement in the dispute. Supervisor William D. Fusselman said the committee's letter was addressed to the grand jury and was read to the supervisors "informatively." The supervisors tabled the matter.

10 County Doctors Favor Fluoridation

Ten doctors on the staff of the Marin County Medical Department today publicly took a stand in favor of fluoridation of public water supplies.

The move came in the face of a letter written by Dr. Rafael G. Dufficy Jr., county medical officer, stating he was against fluoridation.

Dr. Leo A. Wagner of Novato said:

"People seemed to feel that this (Dufficy's letter) was the official policy of the department.

"Our letter (favoring fluoridation) is our personal opinion—we're all in private practice, too, as is Dufficy. There's no spite intended."

The doctors signing the letter favoring fluoridation, are on county salary as part-time physicians, while maintaining their own practices, he said. Wagner said there are 14 physicians in the county department; 10 signed the letter.

The letter states:

"During the past few weeks there has been widespread circulation by mail of a letter which implies that the Marin County physician's office is officially against fluoridation.

"This letter is writen on County of Marin medical department letterheads, and is signed by Rafael Dufficy Jr., M.D., medical director.

Nixon Predicts Demo 'Corruption'; Kennedy Rips Secrecy On Prestige

ABOARD NIXON TRAIN (UPI)—Vice President Richard M. Nixon, by his own accounting turning fresh heat on Sen. John F. Kennedy as election day nears, charged today a Democratic victory on Nov. 8 would mean a return to the "corruption" he said the Republicans had to clean up in Washington in 1953.

Whistle-stopping through Ohio and West Virginia, the GOP presidential candidate assailed Kennedy's promised economic and welfare programs as calculated to "turn everything over to a bunch of bureaucrats" whereas Nixon said he preferred to let people "spend their own money."

Speaking bareheaded in the cold to an enthusiastic crowd of several thousands in Marietta, Ohio, a GOP stronghold, Nixon said Kennedy's attempts to "downgrade America" were playing into the hands of the Communist strategists. He said the last Democratic administration, under Harry S. Truman, produced a war in Korea, disastrous inflation and "cor-

CHICAGO (UPI)—Sen. John F. Kennedy charged today that a secret government report on U.S. prestige abroad shows the Eisenhower administration and Vice President Richard M. Nixon are "wholly misinformed about our position in the world."

Kennedy said the administration has refused to release the survey by a branch of the United States Information Agency because the report reveals that Republican statements about America's standing in the world are not based on fact.

The Democratic presidential nominee made the charges in a day of hectic campaigning through Republican "country club" territory in Chicago's wealthier suburbs. There were 20 speeches scheduled along his motorcade route.

Despite the area's solid Republican voting record, there were plenty of enthusiastic Democrats to cheer Kennedy as he ripped into Nixon on the issues of American prestige and federal aid to education.

Blast Rips Canadian Store; Scores Injured

WINDSOR, Ontario (UPI) — A thunderous explosion rocked a downtown department store today and a policeman at the scene said at least three were dead and more than 100 injured.

Car Collision Injuries Prove Fatal To Baby

Marin County's traffic death total rose to 23 today with the death of four-month-old Rudy Ramos, injured in a Sunday night smashup on Highway 101 near Hamilton Air Force Base.

The child died early today after surgery. He was one of 10 passengers in a car involved in a three-auto smashup. His father, Guadelupe, was taken off the critical list today at San Rafael General Hospital, where he is recovering from internal injuries.

The Ramos auto, driven by Ortence Ramos, Guadelupe's brother, plowed into a car driven by Robert Dress, 701 Eucalyptus Avenue, Novato. Dress told highway patrol officers that he was crossing the highway and did not see the Ramos car approaching.

Immediately after the first collision, Dress's car was struck by one driven by Gary Bradley of Sebastopol. Bradley was unhurt.

Also hurt in the collision were Daniel Ramos, 2, still in uncertain condition at San Rafael General Hospital with head injuries; Juan Leja, 37, in good condition with a broken collarbone and head injuries, and Ruby Leja, 36, in good condition with a back injury.

Six other injured occupants of the car were treated and released by the hospital.

Both the Ramos and Leja families are farm workers on the Inglenook ranch near Rutherford, Napa County.

The child's death brought the total from weekend accidents up to three. Richard J. Molles of Crows Landing was killed early yesterday when his car struck a power pole on San Pedro Road, and Austin J. Malone of San Francisco died when he lost control of his car on Sir Francis Drake Boulevard near White's Hill on Saturday.

The latest death brought the Marin County total up to 23 so far this year, against 16 at this time in 1959.

Ike Asserts U.S. Most Powerful Nation In History

HOUSTON, Tex. (AP) — President Eisenhower rates America as history's most powerful nation. He says it needs no giant new defense programs or any massive economic shot in the arm from the federal government.

The president ended a cross-country speaking tour on that note last night—a nine-day trip billed by the White House as non-political. Today he flew back to Washington to prepare for putting on his political gloves in a stretch-drive effort to elect the Nixon-Lodge ticket.

Friday evening Eisenhower will address a nationwide television audience from a rally in Philadelphia. A week from tomorrow he will be in New York for an major political address which will be carried coast-to-coast on both radio and TV. He may make additional speeches.

Eisenhower, a native Texan, got a roaring welcome to Houston from a police-estimated crowd of 300,000. He carried Texas in 1952 and 1956, and the backers of Vice President Richard M. Nixon hope the president's great popularity will keep the state in the Republican column Nov. 8.

At the outset of his address to an audience of about 8,000 at Rice University, Eisenhower smilingly noted there is a political campaign in progress.

Nixon's rival, Sen. John F. Kennedy, has been hammering throughout the campaign at his contention that U.S. prestige has slipped abroad during the Eisenhower administration. He says America is strong militarily but needs to be stronger, and that the Soviet Union is outpacing this country in rate of economic growth.

A GREAT NATION

Eisenhower said at Rice University: "If we, today, look at ourselves in true perspective, we see a great nation—the most powerful the world has seen, with a confident, virile people, a vigorous, expanding economy.

"We are pursuing defense policies and programs which provide us with real security now and, if our nation remains alert and flexible in meeting changes in the world situation, we will do so on into the future.

"Our economic health and outlook are good, and our rate of private investment is equal to the demands of needed expansion of production and facilities.

"Just as we need no giant new arms programs, we need no governmentally administered massive economic shots in the arm to stimulate the growth of business."

LESS GOVERNMENT

The president got a big round of applause for that and another in adding: "What, indeed, our economy needs for growth is less government interference in its affairs, not more. Private saving and investment—not public spending—is the real basis of economic growth."

But by far the biggest roar of approval came when Eisenhower referred to the South as a long-time staunch defender of states' rights "to its great and everlasting credit."

Eisenhower — perspiring in academic cap and gown—delivered that part of his speech with more vigor than any of the rest, and the crowd loved it.

FCC Getting Kent's Charge On Ike Speech

SAN FRANCISCO (AP) — A Democratic battle for air time to answer President Eisenhower will be carried to the Federal Communications Commission.

Roger Kent of Kent Woodlands, California campaign chairman for Sen. John F. Kennedy, has charged Eisenhower's talk to the Commonwealth Club here Thursday was partisan and political. Yesterday, he announced he would file an appeal with the FCC.

In the speech, carried by local radio and TV stations, the President said those who claim the United States is becoming a second rate power are debasing the truth.

While the Democratic presidential nominee wasn't named in the speech, Kennedy has said this country's economic growth is falling behind the Soviet Union's.

In a statement yesterday, Kent said:

"Public service time has been granted by TV station KQED but denied by station KGO-TV, television station KPIX and radio station KCBS."

Maurie Webster, general manager of KCBS, said the station's policy has been to accept White House designation of presidential speeches, and Eisenhower's speech before the Commonwealth Club was designated as non-political.

Defense Secretary Says America Not 2nd Rate

MIAMI, Fla. (AP) — Secretary of Defense Thomas S. Gates Jr. said today any claim that United States military power is "second rate is simply not supported by the facts."

The cabinet member, in a speech which his aides said was nonpolitical, stated among other things: "We have, I believe, every right to deeply resent the many implications now current that we are dissipating" the nation's defensive strength.

His speech was prepared for the annual convention of the Postmasters of America.

Gates said the Soviet Union knows the United States is a first-rate military power, and he used what appeared to be a reference to the U-2 spy plane incident to support his statement.

"The cries of American weakness are surely not heard so loudly in a nation such as the Soviet Union which has been faced with the realization that for four years unarmed American reconnaissance planes have riddled their air defenses and made a proper mockery of their refusal to open their skies as willingly as we would open ours to them," Gates said.

He listed a number of factors he said were indicative of Soviet recognition of U.S. military strength.

"Why else does their political leadership resort to bluster and filibuster of the bully? Why else would the engine of their military conquest have ground to a halt over the past few years? Why else would the flow of escapees from Soviet tyranny continue to rise.

"The number of escapees from East Germany is a third higher than last year. Such people do not flee to a second-rate haven. They flee by the hundreds of thousands to first-rate freedom and first-class strength," Gates said.

Sentenced As Spies

CAIRO, Egypt (AP)—An Egyptian court today sentenced six foreigners convicted of spying for Israel to prison terms ranging from seven to 15 years.

The court ordered death sentences for three of the 11 Egyptians tried with the foreigners. The others got prison terms ranging up to 15 years at labor. An Egyptian woman—the only woman defendant—was given a six-month sentence.

Ike Economist Says Recession Is Not On Way

WASHINGTON (AP) — President Eisenhower's chief economic adviser said today that economic facts do not "sustain the theory that we are heading into a recession" despite the summer dip in the nation's production.

"I think the American economy is today in a good position to make another major advance," said Raymond J. Saulnier, chairman of the President's Council of Economic Advisers.

BEFORE BANKERS

His speech was prepared for the convention of the Iowa Bankers Assn. in Des Moines, but the White House distributed text to newsmen in advance.

Although couched in nonpolitical terms, the address furnished ammunition for Republican replies to the charges of Democratic presidential nominee, Sen. John F. Kennedy, that GOP economic policies have contributed to unemployment and a slowdown in national growth.

Kennedy has not contended that the country is in a recession, although he has declared the recent lag in expansion calls for vigorous government action to stimulate credit and investment.

SAY RECESSION HERE

Some economists have gone much further, contending that the business indexes indicate a recession is coming or has actually arrived.

Saulnier took swipes at both positions. Much of the recession talk rests on the "shoddiest foundation of fact," he said, "and much of it is sheer speculation."

Predicting that the next decisive trend of the economy will be upward, he rejected policies based on easy money and deficit spending.

"I want to make it quite clear that this outlook depends on the continuance of sound and constructive economic and financial policies," the economist said.

JACKSON, Miss. (UPI) — The Mississippi Supreme Court ruled yesterday Mrs. Bettye Wright, 80, may not sue her daughter for damages incurred during a visit when Mrs. Wright fell after stepping in a bowl of dog food on the kitchen floor.

"The feeding of cats and dogs is one of the chores which is performed by many hosts and hostesses daily," the court said. "It cannot be said, as a legal conclusion, that the daughter in fact set a trap for her mother."

Urges Help For Cities

LOS ANGELES (AP) — Cities, barely making headway in their attacks on slums, need outside help and coordination of their own efforts, says Gov. Edmond G. Brown.

"For every tenement house or borderline dwelling that we clean up and make livable, at least one slips over the line that divides decent housing from slum housing," Brown told the annual meeting of the League of California Cities today.

LONDON (AP)—The price of gold on the London bullion market opened at $37.80 an ounce today and quickly jumped to $38.36. Yesterday's closing price was $37.80.

Jet Forced Back

HONOLULU (UPI)—A United Air Lines DC-8 jet liner with 96 persons aboard was forced back to Honolulu shortly after takeoff yesterday as the result of a damaged hydraulic line.

Shortly after the Los Angeles-bound plane took off from Honolulu International Airport, pilot-captain Al Schmidt radioed the control tower that he could not use the flaps nor retract the main landing gear because of the damaged line. The plane remained in the air for two hours and 10 minutes, while 51,000 pounds of fuel was jettisoned. Then it landed without incident.

Congress Unit Checking On Prestige Poll

WASHINGTON (AP)—A House subcommittee staff is checking whether the government has made and kept secret an overseas poll of opinions on U.S. prestige.

Rep. John E. Moss (D.-Calif.), chairman of a House Government Information subcommittee, directed the inquiry at the U.S. Information Agency.

His action followed a Columbia Broadcasting System report yesterday that a secret poll made by the agency showed overwhelming belief in other countries that Soviet military strength will surpass that of the United States within 10 years.

TIMES SOURCE

Today, the New York Times quoted reliable sources abroad as saying a survey report by the USIA's research division found an almost unanimous belief that the Soviet Union is the leading military power.

George V. Allen, head of the USIA, declined to comment on the broadcast report or to say whether such a poll had been made.

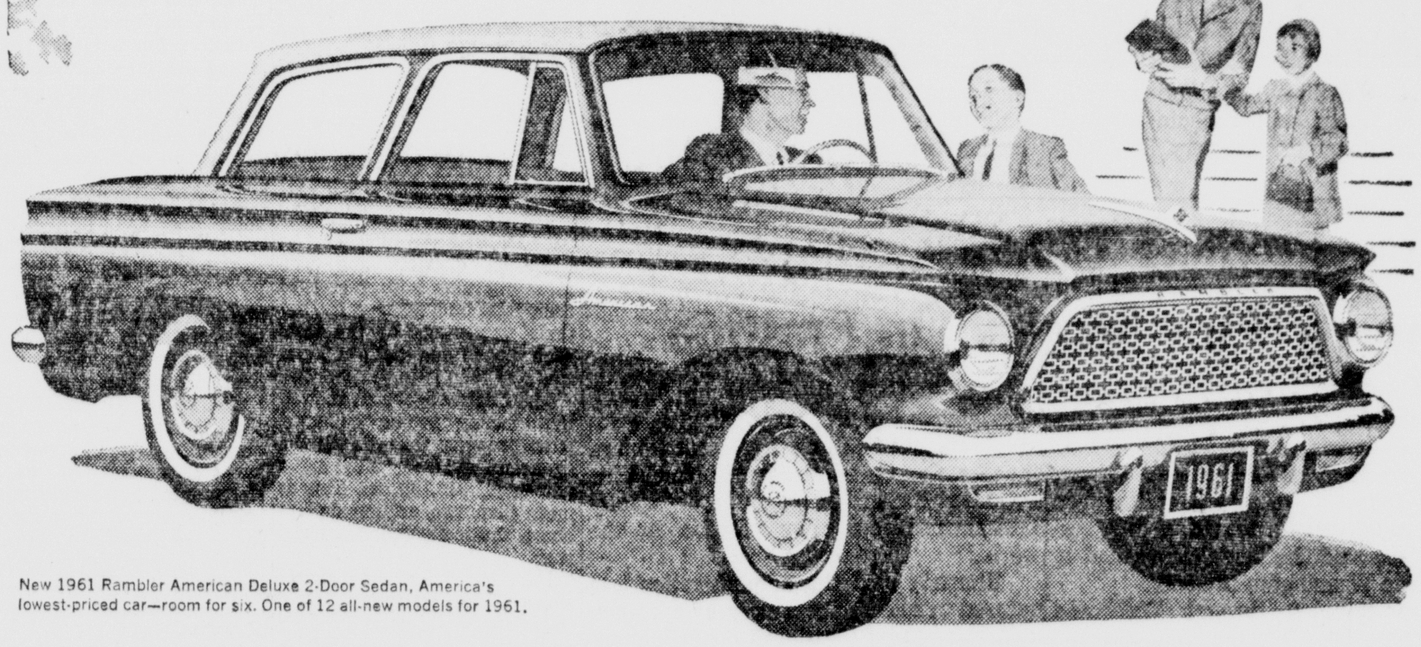

Sen. John F. Kennedy, the Democratic presidential nominee, has made a campaign issue of what he calls declining U.S. prestige abroad. Both he and Sen. J. William Fulbright (D-Ark.) have asked the USIA about any polls showing such a trend, but agency officials have replied that no recent poll on the subject has been made.

STORY DENIED

The White House last week denied a story in the Washington Post that a presidential committee on U. S. information activities had reported a decline in U.S. prestige.

The CBS broadcast said a government report compiled by the USIA research division in August contains the information about which Fulbright had asked.

Ike Asserts U.S. Most Powerful Nation In History

HOUSTON, Tex. (AP) — President Eisenhower rates America as history's most powerful nation. He says it needs no giant new defense programs or any massive economic shot in the arm from the federal government.

SPLENDOR, CROWD

Verdi Opera Opens Met's 76th Season

By HENRIETTA LEITH

NEW YORK (AP) — The very oldest Verdi and the very newest of fashion shared the spotlight last night as the Metropolitan Opera gots its 76th season off to a glittering — and lucrative—start.

Notables of stage, screen, opera, television and the business world were scattered through the huge opening night audience which paid a record-breaking total of more than $91,000, with individual seats going for as high as $45.

The Met had no trouble packing the house despite its opening choice of an opera—"Nabucco"—which had not been performed in New York for more than 100 years.

A great many of those who attended Metropolitan opening nights are after gaiety, a taste of splendor and a peek at the celebrities.

What they saw last night was splendid enough for anyone's taste.

"Nabucco," Verdi's first success, deals with the Biblical story of Nebuchadnezzar and is set in Jerusalem and Babylon. It was chosen to open the season for two reasons: Manager Rudolf Bing has a special interest in early Verdi and 1960 is the 100th anniversary of the Italian risorgimento, a patriotic movement stirred up in part by this 1842 opera about the oppressed Hebrew people.

Whatever historical reasons may recommend it, many opera-goers found "Nabucco" a poor choice.

Associated Press arts editor W. G. Rogers, reviewing the performance, thought that the Metropolitan might just as well have waited 118 years more before putting on its first performance of "Nabucco."

He found it "a melancholy opus scored by a still inexperienced composer with a bumbling libretto," with "vast choruses lumbering about like herds and the principals often lost in the shuffle."

MILK BOTTLE SENDS THUG ON HIS WAY

ST. LOUIS, Mo. (AP)—Edith Bruns, 67, was in the family dairy yesterday when a young bandit displayed a revolver and snarled "Don't think I won't shoot."

Mrs. Bruns, a bottle of milk in each hand, replied, "Don't think I won't throw!"

She winged one bottle at him, barely missing his head. The thug ran.

USF To Aid U.C. Editors In Dispute

BERKELEY (UPI)—Embattled editors and staff members of the University of California Daily Californian, who resigned in a heated dispute with the Associated Student Body, today found allies at the University of San Francisco.

The staff of the USF Foghorn, which unlike California is not responsible to the student government, announced that it will produce a joint eight-page paper tentatively called the Independent Californian-Foghorn. First edition is expected Wednesday.

At the same time, the Associated Student Body attempted to recruit editors and staff members to continue publication of the official Daily Californian.

On Sunday, the 55 student journalists—from editors down to copyboys—protested what they termed "meddling" by the executive committee of the associated students—which seeks power to appoint all editors.

Last Titan Of Series Makes Flight

CAPE CANAVERAL, Fla. (AP)—Thousands of persons saw Titan No. 25 blaze across the sky on a record 6,100-mile flight to a South Atlantic Ocean target area.

Smooth recovery of the missile's data capsule at sea crowned the last scheduled test shot of the Titan "J" series. These intercontinental missiles are slated to become operational by next summer. Meanwhile, tests will begin on an "AJ" improved version of the Titan.

Last night's flight from Cape Canaveral was the longest a Titan has made in 18 launchings the Air Force called successful. Its tactical-type nose cone splashed into the sea 1,100 miles southeast of Ascension Island. At 7:53 p.m., 97 minutes after the launch, the Air Force missile range vessel Coastal Crusader hoisted aboard the data capsule which was ejected from the nose cone after re-entry into the earth's atmosphere.

The Titan's after-sunset take-off punched a weird, luminous sky trail that thrilled spectators as far distant as Key West, more than 250 miles south of Cape Canaveral, and Savannah, Ga., 350 miles north of the cape.

The Titan made its longest previous flight Sept. 29 when it traveled 6,000 miles. It was intended to fly 10,000 miles to the Indian Ocean, but fell short because of premature cutoff of its first-stage engine. The shot last night was programmed for the 6,100-mile distance achieved.

Bishop's Letter Stirs Puerto Rico Attorneys

SAN JUAN, Puerto Rico (AP)—Bitter controversy continued unabated today over a pastoral letter by Puerto Rico's Roman Catholic bishops forbidding their flock from voting for Gov. Luis Munoz Marin's Popular Democratic Party.

Puerto Rico's bar association planned a meeting Nov. 4 to discuss the bishop's letter, which attacked Munoz' ruling party because it had passed legislation permitting the teaching of birth control and allowing sterilization of mental defectives.

Republicans and independents yesterday briefly picketed the residence of one of the signers of the letter, Bishop James McManus, at Ponce, on the south coast. The pickets carried placards saying "We believe in God but protest some of his representatives" and "What have you said about Kennedy's statements on the subject?" When police arrived, the demonstrators left.

The three bishops themselves appeared divided over whether a Catholic vote for Munoz Nov. 8 would be a sin. Both Bishop McManus and Bishop Luis Apointe Martinez of Lares said it would be a "sin of disobedience."

But the third signer, Archbishop James P. Davis of San Juan, called the vote "a matter between a Catholic and his conscience," and did not go into the matter of sin.

Two S.F. Men Plead Guilty To Music Instrument Thefts

Two San Francisco men accused of stealing $5,625 worth of musical instruments from a San Rafael music store Oct. 9 pleaded guilty yesterday in Marin Superior Court.

Charles E. Parrish, and William H. Walker were arrested within hours after the burglary of the Miracle Music Store, 2066 Fourth Street. Their car was spotted at 5 a.m. by San Anselmo police who noted the license number because it appeared suspicious. San Rafael police, in cooperation with San Francisco authorities, later arrested both men at their homes. Loot from the store, including musical instruments, a camera, cash and checks was found in their homes.

Judge N. Charles Brusatori continued Parrish's case to Nov. 7 for sentencing. Walker's case was continued to Nov. 14.

Parrish was paroled from San Quentin Prison May 7 where he was serving a term for narcotics violation in Los Angeles.

Killer's Escape From Jail Ends In Death

KNOXVILLE, Tenn. (UPI) — A wavy-haired hillbilly who went from purse snatching to murder and kidnaping tried to shoot his way out of the county jail last night but was shot dead on the jailhouse steps.

Two girls suspected of smuggling a .357 magnum—one of the most powerful handguns in existence—to accused killer Clarence Leon Raby, 27, were held for questioning. Police would not identify them.

Raby, holding state criminal agent Walter Bearden, state trooper Clarence Brown and jailer Dave Humphrey's hostage, burst out of the jail elevator shortly before 10 p.m. just as the jail shift was changing.

Deputy Kenneth Milligan drew his pistol and tried to stop him. Raby shot Milligan, but the officer staggered down the marble hall after him firing as he ran. One of Milligan's shots caught Raby near the heart — through the tattooed sailing ship on his chest—just as the bandit reached the steps to freedom.

Raby, whose criminal career began at 15 when he was arrested for stealing purses, was awaiting trial on two murder charges.

SPLENDOR, CROWD

Verdi Opera Opens Met's 76th Season

By HENRIETTA LEITH

NEW YORK (AP) — The very oldest Verdi and the very newest of fashion shared the spotlight last night as the Metropolitan Opera gots its 76th season off to a glittering — and lucrative—start.

Notables of stage, screen, opera, television and the business world were scattered through the huge opening night audience which paid a record-breaking total of more than $91,000, with individual seats going for as high as $45.

The Met had no trouble packing the house despite its opening choice of an opera—"Nabucco"—which had not been performed in New York for more than 100 years.

A great many of those who attended Metropolitan opening nights are after gaiety, a taste of splendor and a peek at the celebrities.

What they saw last night was splendid enough for anyone's taste.

"Nabucco," Verdi's first success, deals with the Biblical story of Nebuchadnezzar and is set in Jerusalem and Babylon. It was chosen to open the season for two reasons: Manager Rudolf Bing has a special interest in early Verdi and 1960 is the 100th anniversary of the Italian risorgimento, a patriotic movement stirred up in part by this 1842 opera about the oppressed Hebrew people.

Whatever historical reasons may recommend it, many opera-goers found "Nabucco" a poor choice.

Associated Press arts editor W. G. Rogers, reviewing the performance, thought that the Metropolitan might just as well have waited 118 years more before putting on its first performance of "Nabucco."

He found it "a melancholy opus scored by a still inexperienced composer with a bumbling libretto," with "vast choruses lumbering about like herds and the principals often lost in the shuffle."

CLUES IN BABY DEATH — If you recognize any of these items, Mill Valley police want information to help them solve case of infant found dead in trash can. Other items—throw rug, towel, plaid capri pants, and denim pedal pushers (top) were found in garbage can on Columbus Day. (Independent-Journal photo)

APPEAL TO PUBLIC

Mill Valley Police Seek Help In Baby Puzzle

Mill Valley police, stymied in 10 days of hush-hush investigation into the death of a newborn baby found in a trash can, today asked the public's help in solving the case.

For the first time, police disclosed they have a pair of woman's pedal pushers, capri pants and two towels, which were found inside or near a cardboard carton with the baby boy's body.

Since the discovery of the body in a carton that had been in an Old Mill Park trash can, police had disclosed only that they had a body wrapped in a newspaper, and a right hand rubber glove.

The case came to light on Oct. 15 when a Mill Valley girl, engaged in a paper drive, found the body in the box among piles of old paper which she had been collecting in her garage. She had picked up the box from the park trash can, along with the clothing, on Oct. 12.

Officer Dan Terzich of Mill Valley police today gave out this additional information:

The baby was wrapped in newspapers dated Oct. 5 and Oct. 8. An orangish-yellow plastic glove for the right hand was tucked in with the baby. On top of the wrapped baby was a green and yellow striped bath towel.

The coroner took the cardboard box and contents to Russell and Gooch for an autopsy. Police came back to the girl's garage and found a green throw rug, a pink towel, a pair of blue denim pedal pushers, and a gray pair of linen plaid capri pants made by Alfred Jacquette of Los Angeles Waist size is 24 inches. These were picked up for investigation because they showed traces of blood.

The cardboard box was traced to a Mill Valley store.

The blood spattered materials were sent to the state crime laboratory in Sacramento for testing. Results showed that clothing had human type B blood.

Officers said the girl had brought the cardboard box and the clothing to her garage because they were mixed in with stacks of paper.

Pillowcase Burglar Hits Another Home

Another "pillowcase burglary" occurred in Tamalpais Valley during the weekend, sheriff's deputies reported today.

Victim is Eldon Olson, a contractor who lives at 290 Shoreline Highway.

His brother-in-law, Francis Ladene Tillman of 552 Shoreline Highway told officers he notice the front door of the Olson home open Sunday morning. The bedroom had been ransacked, and contents strewn over the floor.

The Olsons returned from a trip Sunday evening and reported that quantities of clothing and jewelry, mostly family heirlooms, are gone. From the bedroom, the thief had taken two pillow cases. The missing items include watches, rings, necklaces, liquor, and clothing. The total value of the loot was not given.

Santa Fe Railroad Also Wants Western Pacific

SAN FRANCISCO (AP) — The Santa Fe Railroad today entered competition against Southern Pacific for control of the Western Pacific Railroad.

The Santa Fe said it has filed application with the Interstate Commerce Commission at Washington, D.C., seeking approval to obtain control of W.P. through purchase and exchange of stock.

Southern Pacific filed such an application with the ICC Oct. 10.

The S.P.'s application was opposed by directors of Western Pacific, who said control of W.P. would lessen competition substantially in the common territory served by both.

Ernest S. Marsh, president of Santa Fe, announced that 20 per cent of 365,000 shares of all outstanding W.P. stock is held by Chanslor-Western Oil and Development Co., a wholly owned subsidiary of the Santa Fe.

He said this stock will be put in a voting trust pending a final order of the ICC.

"Western Pacific stockholders will be offered one and one-fourth shares of Santa Fe common stock in exchange for each share of Western Pacific stock, subject to ICC approval of the application," Marsh said in a statement.

He said if Santa Fe is permitted to acquire control of Western Pacific, the existing service, interchange points, gateways, routes and traffic arrangements and competitive solicitations of traffic via Western Pacific will be maintained and continued.

Marinwood Woman, 71, Kept Alive With Blood Donations

Anemia Victim Used 50 Pints Over Two Years

SHE LIVES ON BORROWED BLOOD—Mrs. Kathryn L. Means of Marinwood, who suffers from aplastic anemia, in which the blood fails to renew itself, has received more than 50 pints of blood transfusions in less than two years. She thanks the Marinwood Blood Reserve for making this possible. (Independent-Journal photo)

A grateful 71-year-old woman, suffering from aplastic anemia, has received at least 50 pints of blood from the Marinwood Blood Reserve in nearly two years.

Mrs. Kathryn L. Means of 101 Blackstone Drive, Marinwood, has a disease in which the red corpuscles of the blood are not manufactured, and new whole blood is needed to sustain life.

It is a weakening disease, but Mrs. Means says cheerfully that she is improving and feeling better now. When she first learned she had aplastic anemia, two years ago next Dec. 1, she had to have six or seven transfusions in a week. As she improved, the number of transfusions decreased, and now she can go from four to six weeks before she has to have another one.

FROM RESERVE

Because she is a local resident, Mrs. Means has been eligible to receive blood from the Marinwood Blood Reerve. Without such a program, it would have been pretty hard, she says.

"I don't know who donated the blood that was given to me, but people who did are to be very highly commended," she adds.

She is hoping that others also will donate when Marinwood-Terra Linda has a blood procurement stop Nov. 3 from 2:30 to 7:30 p. m. at Mary E. Silveira School. Two hundred donors is the goal.

If Mrs. Means continues to improve as she has in the past six months, she is hopeful that she can gradually decrease still further the number of transfusions she will need. She may have to have transfusions from time to time for the rest of her life, but only time will tell that, she says.

AT LEAST 50 PINTS

She has "lost track" of exactly how much blood she has received since she became ill, but it has been at least 50 pints. Some blood was donated for her at first, but she and other persons in Marinwood or Lucas Valley are eligible, whether they have previously donated blood or not.

"I'm very lucky and very thankful to everybody who has given blood. I just wish that I was younger so I could give, knowing all that I do," she declares.

Mrs. Means and her husband, Lynn M., a retired special agent for Mutual Life Insurance Co. of New York, came to Marinwood four years ago from La Grange, Ill. They have two daughters, two grandchildren and two great-grandchildren.

The Marinwood Blood Reserve was founded three years ago through the efforts of Mrs. Donald Burks. Donations for residents are made directly in the name of the Marinwood Blood Reserve Fund and are handled through the Irwin Memorial Blood Bank of the San Francisco Medical Society.

Appointments for the Nov. 3 blood bank may be made through Mrs. Robert M. Bramman, 365 Quietwood Drive, Marinwood or Mrs. William R. Davies, 206 Oleander Drive, Terra Linda.

Cigarette Tax Repeal Group Far From Goal

SACRAMENTO —A citizens' group seeking repeal of California's three-cent a pack cigarette tax reached its first deadline yesterday less than one-tenth of the way to its goal.

The secretary of state's office reported receiving 24,794 certified signatures on petitions from 19 counties.

The Citizens Committee to Repeal the Cigarete Tax now has 40 more days, until Dec. 12, to get the 262,789 signatures required to place the initiative measure before the 1961 legislature.

BLUEBIRDS AREN'T HAPPY IN KENTUCKY

LOUISVILLE, Ky. (AP)—The bluebird, commonly associated as the bearer of happiness, is becoming hard to find in Kentucky.

State Ornithologist Burt L. Monroe estimates the bluebird population is off 85-90 per cent because of freezing weather which killed many birds last spring and careless use of poisonous insecticides and weed killers.

William G. Duncan of Louisville, a champion of the bluebird, said he checked 300-400 bluebird nesting boxes in the area and found only one nest.

Mill Valley School Trustees Hit Dead End On How To Expand

Mill Valley School District trustees hit a dead end last night in discussion of how to provide more classrooms.

Every suggestion made during the meeting had been made and discarded before, said trustee George M. Wood.

Nevertheless, the board scheduled a public hearing on the matter for the night of Dec. 12, hoping for something new.

Elimination of school buses to provide funds for classroom building was suggested in a letter to the board.

Chairman Robert H. Andresen said cutting out buses would save only $18,000 per year and it costs $30,000 to build one classroom.

Principal Dominic Bobbio of Edna Maguire Schol said if the buses were eliminated, every school would have to have seventh and eighth grades. (All seventh and eighth graders are now transported to Edna Maguire.)

Someone suggested a survey to see what might be done.

"We had a survey last year," said Andresen.

Tom McDougall declared from the audience. "We're failing in getting our knowledge to the public."

Andresen said he had sent 18 letters to organizations asking comments and suggestions but had receved no reply.

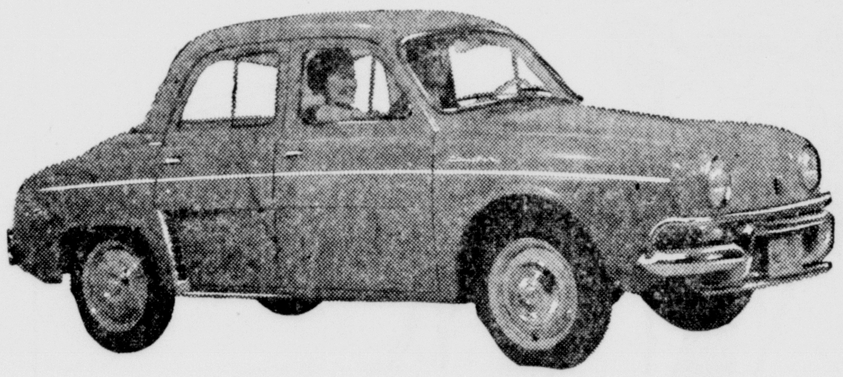

Thomas Nissen of Tamalpais Valley suggested parents might offer suggestions if a questionnaire were sent home by school children. Trustees agreed they might try that.

Stymied on the problem of how to meet enrollment growth, the board was able to cope with another problem: traffc hazards on East Blithedale Avenue in front of Park School. The board decided to ask the Mill Valley City Council for a stop light.

Marinwood Woman, 71, Kept Alive With Blood Donations

Anemia Victim Used 50 Pints Over Two Years

A grateful 71-year-old woman, suffering from aplastic anemia, has received at least 50 pints of blood from the Marinwood Blood Reserve in nearly two years.

Mrs. Kathryn L. Means of 101 Blackstone Drive, Marinwood, has a disease in which the red corpuscles of the blood are not manufactured, and new whole blood is needed to sustain life.

It is a weakening disease, but Mrs. Means says cheerfully that she is improving and feeling better now. When she first learned she had aplastic anemia, two years ago next Dec. 1, she had to have six or seven transfusions in a week. As she improved, the number of transfusions decreased, and now she can go from four to six weeks before she has to have another one.

SHE LIVES ON BORROWED BLOOD—Mrs. Kathryn L. Means of Marinwood, who suffers from aplastic anemia, in which the blood fails to renew itself, has received more than 50 pints of blood transfusions in less than two years. She thanks the Marinwood Blood Reserve for making this possible. (Independent-Journal photo)

Suicide Note Reveals Belief Wife Murdered

Donald A. Douglas, Millbrae businessman and civic leader who took his own life at a secluded spot in Lucas Valley, did so in belief his wife was murdered last month, according to his suicide note.

Parts of the note, found beside Douglas's body in his automobile near an unoccupied Lucas Valley summer cottage, were disclosed today by authorities in Marin and San Mateo counties.

They provided jig-saw puzzle pieces that Douglas had apparently fit together in his own mind to form a pattern of deceit and murder.

Douglas' wife, Virginia, was reported killed in an accidental fall Sept. 28 from a cliff in Puerto Rico, where she had gone with Jaime Enrique Sandoval, a quiet Redwood City title company clerk who was convicted in 1957 of a Marin County morals offense involving a 15-year-old boy.

Sandoval reported Mrs. Douglas's death. He said he heard her scream, but was unable to reach her before she fell into the sea.

Douglas flew to Puerto Rico to join the search for her body. It was not found. Douglas returned to his home in Millbrae, but vanished Oct. 6 after lunching with Sandoval.

His suicide note, it was disclosed, said he first believed that his wife's death was accidental, but had grave doubts after his trip to Puerto Rico.

Dist. Atty. Keith Sorenson of San Mateo County today pointed out there is no proof Mrs. Douglas is dead. He said, however, this did not mean he was calling Sandoval's story of her death a falsehood.

Sorenson and Millbrae Police Chief Larry Pickett questioned Sandoval after he reported the death. Both said today he faces considerably more questioning.

The suicide note was held by Coroner Frank J. Keaton of Marin County as evidence in Douglas's suicide, but a copy was sent to San Mateo County authorities. Keaton said the Marin County end of the investigation is closed. Death was caused, he said, by carbon monoxide fumes inhaled through a hose which Douglas had attached to the exhaust pipe of his car.

Private funeral services for Douglas were held at Keaton's Mortuary today.

The note, it was disclosed, set forth Douglas' belief that he had been duped in what appeared to be a variant of the ancient "Spanish prisoner swindle." It was not clear whether he believed Sandoval had duped him or was also a victim of the hoax.

The note said Douglas had forged his wife's name to a $16,000 mortgage, proceeds of which he delivered to Sandoval "in connection with an estate" in Puerto Rico. It said he had accepted a 90-day promissory note from Sandoval, who is a Puerto Rican national.

The 42-year-old Douglas also wrote that he had arranged for his two sons, Jeffrey, 14, and Gary, 12, to be cared for by friends.

Douglas was manager of Davis and Myers, a San Francisco tire firm, and was active in Millbrae community affairs, being a member of the city's personnel board. His wife worked part-time in the Millbrae city clerk's office.

The 29-year-old Sandoval was airman at Hamilton Air Force Base and a part-time orderly at San Rafael General Hospital when he was convicted of the morals offense in 1957.

He was employed until late July of this year by a Redwood City title firm. He left there saying he was going on a trip to Europe with friends. He has a rented room in San Francisco.

The quiet, unassuming Puerto Rican has passed himself off as an accountant, an importer and a real estate salesman, according to District Attorney Sorenson.

The San Mateo County district attorney said Sandoval was introduced to the Douglases by Marie Aloha (Gypsy) Buys, who attracted public attention several years ago when she bought "Falcon's Lair," the home of Rudolph Valentino, the "Sheik" of silent films.

Also confiscated was the Goodrich Rubber Co. plant here, an affiliate of the Mexican branch of the U.S. tire firm. Estimated value of this seizure was 10 million dollars. Three other U.S. rubber firms were seized earlier.

Estimated values on some American firms seized included five million dollars for the Burrus Flour Mills and the same amount for the Coca Cola bottling franchise and the Remington-Rand Co. The seized Sears Roebuck Co. branches were valued at three million dollars and the General Electric Co. affiliate at two million.

year, compared with $8,649,948 last year. This gives schools 58.7 cents out of every property tax dollar as compared with 57.3 cents a year ago.

County government gets $4,925,476 from property taxes, an increase of about $277,000. This total is 30.5 cents of each property tax dollar as compared with 31.8 cents last year. Special districts get $1,734,831, up $140,000.

The budget showed that taxes per capita in the county edged up 64 cents. The 145,545 persons here now pay an average of $33.84 each, while a year ago the estimated 140,000 residents paid $33.20 each.

At the same time the basic county tax rate dropped from $2.23 to $2.12, while the assessed valuation was going up from $218,393,000 to $242,607,000.

Community Club President Takes Leave

George Wahl, president of the Novato Community Club, last night took a leave of absence from his post.

He gave as his reason that he would be too busy to handle the president's job and also direct the Novato Players' production of "Mr. Roberts." The players are among groups within the community club.

The leave of absence will last through February, Wahl said.

CENTER OF BATTLE

Wahl has been in the center of an intra-club battle over the disposition of the Novato Community Club house at 906 Machin Street. Some club members favor turning over the club house to the city, as they say was promised in club incorporation in 1947. Others, including Wahl, have been against the move or favor the club's maintaining some control over use of the club house.

Eleanor LaFranchi, first vice president of the club, will take over as president, Wahl told directors last night. Miss LaFranchi had not been notified of Wahl's leave of absence and was not at the directors' meeting last night. She could not be reached today.

With an emotional voice, Wahl read a six-page statement on his position on the club house.

Club member Alfred Bowman has filed a suit in Marin Superior Court in an attempt to have the club house given to the city.

CASTIGATES OFFICERS

Wahl castigated some Novato city councilmen for their position that the city would not agree to administer the club house jointly with the club, if it were turned over to the city.

Wahl and a committee of club directors with city representatives Oct. 3 to negotiate city-club positions in the controversy. No decision was reached, but Mayor Wayne Womack and councilmen John Angeloni told directors the city would not consider joint administration.

Last night Wahl set Nov. 14 as the date for a special club directors' meeting to discuss the clubhouse issue.

"And that is exactly what our opponents offer today," he said, predicting that Americans won't take up the offer.

At this and other stops on his day long tour in search of Ohio's 25 electoral votes and West Virginia's eight, the vice president hit hard again at Kennedy's alleged "errors" on Quemoy-Matsu, the U-2 incident and Cuba — in foreign policy judgments which Nixon said could have led to "war or surrender" had Kennedy been in the White House.

"We're putting the heat on now," Nixon told West Virginia Gov. Cecil H. Underwood, now a candidate for the Senate, at Williamstown. Nixon believes the campaign's final two weeks will be crucial.

"The fact of the matter is that the administration has refused to make this matter public," Kennedy shouted.

"The reason is that it shows the administration and Mr. Nixon are wholly misinformed about our position in the world," he said.

Atomic Spy Greenglass Due Freedom

WASHINGTON (UPI) — David Greenglass, brother of executed atom spy Ethel Rosenberg, will be released from prison Nov. 16, a Justice Department official said today.

Greenglass, 38, was sentenced to 15 years in prison for conspiring with the Rosenbergs to steal atomic secrets for Russia. He is serving his time at the Lewisburg, Pa., federal penitentiary.

As star witness in the famous spy case, Greenglass helped convict his sister and brother-in-law, Julius Rosenberg. The couple was electrocuted in 1953 for slipping atomic secrets to the Soviets.

Greenglass was permitted to plead guilty to the lesser charge of conspiracy. He testified he gave a description of the A-bomb to Julius Rosenberg while working as a technical sergeant at the Atomic Research Center in Los Alamos, N.M., in 1945.

He started his prison sentence on July 6, 1951. Under the law, the mandatory date for his release is May 1, 1961. But a Justice Department official said he will be released Nov. 16, "because of credits for good behavior."

Harry A. Strong Noted Bowler, Succumbs At 80

Private funeral services for Harry A. Strong, 80, best known during his 21-year Marin residence for his bowling activity, were held yesterday at Keaton's Mortuary in San Rafael.

Strong died Saturday in Yountville Veterans' Home after a year's illness. He had resided the past three years at 712 Fourth Street, San Rafael.

He had been active in bowling until five years ago and was a member of several championship teams.

Strong moved to California after his retirement as a captain of the Denver Fire Department. He worked for a time at H. C. Little Burner Co. in San Rafael, then during World War II at Marinship and a few years thereafter at Mare Island Naval Shipyard.

He was an Army veteran of World War I.

He was a native of Michigan.

He is survived by his wife, Nellie E. Strong of Denver; a daughter, Mrs. Helen Oliver of San Rafael, and two grandchildren.

Burial will be in Denver.

The Utah Supreme Court has ruled that a tree cannot be held a public nuisance merely because it drops its leaves into a neighbor's yard.

OBITUARIES

Fred Clarke, Ex-Clown, Dies At 83

Fred Clarke, who gave up the life of a circus clown to settle in Woodacre almost 10 years ago, died today in a local hospital after a long illness. He was 83.

Born in Holyoke, Mass., he left home at an early age to follow the circus. After a short apprenticeship, Barnum and Bailey put him in the center ring as a full-fledged jester. In 1921, he washed off the greasepaint for good and chose Woodacre as his permanent home.

He became a builder, constructing many of the early homes in that area. He and his wife, Elisabeth, were among the first families to settle there. In 1950, he retired, except for a few small jobs from time to time.

He was a past toparch of the Marin Pyramid of Sciots, a member of other Masonic bodies and of the Marin Coast Chamber of Commerce, Woodacre Improvement Club and San Geronimo Valley Assn.

In addition to his wife, he is survived by a daughter, Ellen, who lives at the family home.

Arrangements are pending for private funeral services.

Felicitia Prato, San Rafael, Dies

Felicitia Prato, 80, a resident of Marin County for 32 years, died today in San Rafael.

She had been living with her son, Peter M. Paletti, at 15 Octavia Street, San Rafael, since her husband died in 1928 and she moved to Marin. She was born in Italy.

Mrs. Prato was a member of Marvelous Marin Lodge 1969, Sons and Daughters of Italy.

She is survived by three sons, Peter of San Rafael, William G. Paletti of San Francisco and Alfred M. Prato of San Lorenzo, and three grandchildren.

Funeral arrangements are pending at Harry M. Williams Mortuary, San Rafael.

Leroy Green, 27, Dies In Hospital

Leroy Green, a five-year Marin City resident, died Sunday in a local hospital, after a sudden attack of a recurrent illness. He was 27.

Born in Louisiana, he had lived in Marin City from 1954 to 1959, moving to San Francisco where he was employed as a construction worker. At the time of his attack, he was visiting friends in Marin City.

He is survived by his wife, Magleen, and a daughter, Karen.

Funeral arrangements are pending at Coleman's Funeral Home in San Francisco. The body will be taken to Baton Rouge, La., for burial.

David R. Young Rites Thursday

Funeral services will be held Thursday for David Roosevelt Young, early president of the San Francisco - Oakland Newspaper Guild and a former resident of Bolinas, who died in San Francisco. He was 58.

Services will be held at 1 p.m. in the N. Gray and Co. funeral home, Divisadero and Post Streets. Interment will be in Golden Gate National Cemetery in San Bruno.

Young's body was found in a hotel room at 127 Ellis Street last Thursday. The San Francisco coroner's office estimated that he had been dead for about a week, apparently of a heart attack.

Born in Portland, Ore. and educated at Oregon State College, Young came to San Francisco in 1936 and served as a copy reader and news editor on the Call-Bulletin until 1942.

He left his home in Bolinas in 1942, and served as an Army captain for three years in World War II. He later worked on newspapers in Honolulu and San Francisco.

Young was president of the San Francisco - Oakland Newspaper Guild in 1937.

The memory of those happy days
When we were all together.

His memory will never grow old.

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of *several thousand dollars cash in your pocket.*

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of *municipal bonds* on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Suicide Note Reveals Belief Wife Murdered

Donald A. Douglas, Millbrae businessman and civic leader who took his own life at a secluded spot in Lucas Valley, did so in belief his wife was murdered last month, according to his suicide note.

Parts of the note, found beside Douglas's body in his automobile near an unoccupied Lucas Valley summer cottage, were disclosed today by authorities in Marin and San Mateo counties.

They provided jig-saw puzzle pieces that Douglas had apparently fit together in his own mind to form a pattern of deceit and murder.

Douglas' wife, Virginia, was reported killed in an accidental fall Sept. 28 from a cliff in Puerto Rico, where she had gone with Jaime Enrique Sandoval, a quiet Redwood City title company clerk who was convicted in 1957 of a Marin County morals offense involving a 15-year-old boy.

Sandoval reported Mrs. Douglas's death. He said he heard her scream, but was unable to reach her before she fell into the sea.

Douglas flew to Puerto Rico to join the search for her body. It was not found. Douglas returned to his home in Millbrae, but vanished Oct. 6 after lunching with Sandoval.

His suicide note, it was disclosed, said he first believed that his wife's death was accidental, but had grave doubts after his trip to Puerto Rico.

Dist. Atty. Keith Sorenson of San Mateo County today pointed out there is no proof Mrs. Douglas is dead. He said, however, this did not mean he was calling Sandoval's story of her death a falsehood.

Sorenson and Millbrae Police Chief Larry Pickett questioned Sandoval after he reported the death. Both said today he faces considerably more questioning.

The suicide note was held by Coroner Frank J. Keaton of Marin County as evidence in Douglas's suicide, but a copy was sent to San Mateo County authorities. Keaton said the Marin County end of the investigation is closed. Death was caused, he said, by carbon monoxide fumes inhaled through a hose which Douglas had attached to the exhaust pipe of his car.

Private funeral services for Douglas were held at Keaton's Mortuary today.

The note, it was disclosed, set forth Douglas' belief that he had been duped in what appeared to be a variant of the ancient "Spanish prisoner swindle." It was not clear whether he believed Sandoval had duped him or was also a victim of the hoax.

The note said Douglas had forged his wife's name to a $16,000 mortgage, proceeds of which he delivered to Sandoval "in connection with an estate" in Puerto Rico. It said he had accepted a 90-day promissory note from Sandoval, who is a Puerto Rican national.

The 42-year-old Douglas also wrote that he had arranged for his two sons, Jeffrey, 14, and Gary, 12, to be cared for by friends.

Douglas was manager of Davis and Myers, a San Francisco tire firm, and was active in Millbrae community affairs, being a member of the city's personnel board. His wife worked part-time in the Millbrae city clerk's office.

The 29-year-old Sandoval was airman at Hamilton Air Force Base and a part-time orderly at San Rafael General Hospital when he was convicted of the morals offense in 1957.

He was employed until late July of this year by a Redwood City title firm. He left there saying he was going on a trip to Europe with friends. He has a rented room in San Francisco.

The quiet, unassuming Puerto Rican has passed himself off as an accountant, an importer and a real estate salesman, according to District Attorney Sorenson.

The San Mateo County district attorney said Sandoval was introduced to the Douglases by Marie Aloha (Gypsy) Buys, who attracted public attention several years ago when she bought "Falcon's Lair," the home of Rudolph Valentino, the "Sheik" of silent films.

Also confiscated was the Goodrich Rubber Co. plant here, an affiliate of the Mexican branch of the U.S. tire firm. Estimated value of this seizure was 10 million dollars. Three other U.S. rubber firms were seized earlier.

Estimated values on some American firms seized included five million dollars for the Burrus Flour Mills and the same amount for the Coca Cola bottling franchise and the Remington-Rand Co. The seized Sears Roebuck Co. branches were valued at three million dollars and the General Electric Co. affiliate at two million.

County government gets $4,925,476 from property taxes, an increase of about $277,000. This total is 30.5 cents of each property tax dollar as compared with 31.8 cents last year. Special districts get $1,734,831, up $140,000.

The budget showed that taxes per capita in the county edged up 64 cents. The 145,545 persons here now pay an average of $33.84 each, while a year ago the estimated 140,000 residents paid $33.20 each.

At the same time the basic county tax rate dropped from $2.23 to $2.12, while the assessed valuation was going up from $218,393,000 to $242,607,000.

Community Club President Takes Leave

George Wahl, president of the Novato Community Club, last night took a leave of absence from his post.

He gave as his reason that he would be too busy to handle the president's job and also direct the Novato Players' production of "Mr. Roberts." The players are among groups within the community club.

The leave of absence will last through February, Wahl said.

CENTER OF BATTLE

Wahl has been in the center of an intra-club battle over the disposition of the Novato Community Club house at 906 Machin Street. Some club members favor turning over the club house to the city, as they say was promised in club incorporation in 1947. Others, including Wahl, have been against the move or favor the club's maintaining some control over use of the club house.

Eleanor LaFranchi, first vice president of the club, will take over as president, Wahl told directors last night. Miss LaFranchi had not been notified of Wahl's leave of absence and was not at the directors' meeting last night. She could not be reached today.

With an emotional voice, Wahl read a six-page statement on his position on the club house.

Club member Alfred Bowman has filed a suit in Marin Superior Court in an attempt to have the club house given to the city.

CASTIGATES OFFICERS

Wahl castigated some Novato city councilmen for their position that the city would not agree to administer the club house jointly with the club, if it were turned over to the city.

Wahl and a committee of club directors with city representatives Oct. 3 to negotiate city-club positions in the controversy. No decision was reached, but Mayor Wayne Womack and councilmen John Angeloni told directors the city would not consider joint administration.

Last night Wahl set Nov. 14 as the date for a special club directors' meeting to discuss the clubhouse issue.

Most movements were small but gains and losses ran from fractions to about a point.

The list was higher at the start in a recovery from six straight days of decline. Then prices turned mixed as trading slowed.

"And that is exactly what our opponents offer today," he said, predicting that Americans won't take up the offer.

At this and other stops on his day long tour in search of Ohio's 25 electoral votes and West Virginia's eight, the vice president hit hard again at Kennedy's alleged "errors" on Quemoy-Matsu, the U-2 incident and Cuba — in foreign policy judgments which Nixon said could have led to "war or surrender" had Kennedy been in the White House.

"We're putting the heat on now," Nixon told West Virginia Gov. Cecil H. Underwood, now a candidate for the Senate, at Williamstown. Nixon believes the campaign's final two weeks will be crucial.

Kennedy quoted the newspaper as saying the report showed leaders of most free world nations felt this summer that the Soviet Union is the world's leading military power and will continue to be so through the next decade.

"The fact of the matter is that the administration has refused to make this matter public," Kennedy shouted.

"The reason is that it shows the administration and Mr. Nixon are wholly misinformed about our position in the world," he said.

Atomic Spy Greenglass Due Freedom

WASHINGTON (UPI) — David Greenglass, brother of executed atom spy Ethel Rosenberg, will be released from prison Nov. 16, a Justice Department official said today.

Greenglass, 38, was sentenced to 15 years in prison for conspiring with the Rosenbergs to steal atomic secrets for Russia. He is serving his time at the Lewisburg, Pa., federal penitentiary.

As star witness in the famous spy case, Greenglass helped convict his sister and brother-in-law, Julius Rosenberg. The couple was electrocuted in 1953 for slipping atomic secrets to the Soviets.

Greenglass was permitted to plead guilty to the lesser charge of conspiracy. He testified he gave a description of the A-bomb to Julius Rosenberg while working as a technical sergeant at the Atomic Research Center in Los Alamos, N.M., in 1945.

He started his prison sentence on July 6, 1951. Under the law, the mandatory date for his release is May 1, 1961. But a Justice Department official said he will be released Nov. 16, "because of credits for good behavior."

4-HOUR HEARING

Council Unmoved On Doctors' Plea

An estimated 20,250 words of sworn testimony, given over a period of four hours and four minutes, failed last night to sway the collective opinion of the Corte Madera Town Council.

The five councilmen remained unanimously of the opinion that the part-time practice of osteopathy in a residence at 22 Mohawk Avenue is not "clearly incidental" to the use of the house as a home by Drs. Gertrude and Vernon D. Casey.

Last night's standing-room-only hearing, the third on the same subject, was conducted in the manner of a courtroom session, complete with three attorneys, a court reporter and the oath of truthfulness taken by all participants en masse.

It was held on the advice of Town Atty. John B. Ehlen. He advised the formality of a repeat performance because testimony produced at the prior hearings was inadmissable as evidence in court due to a faulty recording system. A record is necessary inasmuch as the Doctors Casey, their permit of occupancy having been revoked after issuance by town zoning administrator William McBride, have appealed their case to superior court.

On the basis of last night's testimony, the court will be asked to decide whether the action of the council in revoking the permit was "arbitrary, unreasonable and capricious," as the Caseys contend.

Representing the doctors were attorneys Fred C. Robbins Jr. and Frank B. Peebles. On the side of the town was Ehlen.

Each councilman, at least a dozen residents of the neighborhood and both doctors were examined and cross-examined. Attorneys managed to insert into the official record every conceivable point, pro and con, which had been brought out at prior hearings.

As in the former sessions, the crux of the matter lay in the interpretation of the phrase "clearly incidental."

Although Dr. Casey insisted that she takes care of a maximum of five patients a day in her part-time practice, Ehlen maintained that there was nothing in the ordinance to prevent her from caring for 20 or more patients.

"What if the election happened to go wrong and hard times befell the doctor?" he asked. "Once the home occupancy permit is granted, it gives her the right to an unlimited practice — or the right to sell the house to another osteopath."

The town based its case on the premise that establishment of a professional practice in a residential neighborhood is harmful to the adjoining residents and violates the intent of the zoning ordinance.

Testimony of the neighbors conflicted sharply, a portion of them expressing indignation and annoyance at the practice, others insisting they were not bothered in the least.

In his final summation for the doctors, following a unanimous vote of the council instructing Ehlen to draw up a resolution declaring the permit null and void, Robbins submitted that nothing had been introduced which would alter the facts as he saw them, to wit: The permit is legal, binding and justified.

Absent from the proceedings was McBride, who was married last weekend, and was on his honeymoon when his name was called to take the witness stand.

"That's a justified excuse in any courtroom," Ehlen said.

Novato Chief Has 1st Case On First Day

Novato's first police chief, Roy McLaren, handled his first "case" this morning, to begin his first day on the job.

McLaren took a call reporting vandalism, and referred it to sheriff's deputies who are acting as city police under contract until Jan. 1.

McLaren is the former asistant chief of Daly City police, who was hired to head and set up a force for Marin's newest city. He said today he would confine his work to administration and familiarizing himself with the city until the beginning of the new year, when the city takes over policing.

By Dec. 15 he plans to recommend hiring of five police officers, a clerk and part-time matron, in a group appointment, to fill out the force. Application forms are available at the city hall.

"I want the best people available, no matter where they're from," he said. At least one year of experience will be required.

McLaren is learning the geography of the city while house hunting for a home for his family.

Suicide Note Found In Abandoned Auto

"The water will be much warmer than your love," said an apparent suicide note found in an abandoned car at Vista Point, north of the Golden Gate Bridge, today.

Marshall Rooker Sells, a jobless public relations man who had been living in a San Pablo trailer court with his wife, Wilhelmina, apparently wrote the farewell letter to his wife a few hours after a quarrel about their Chihuahua.

Mrs. Sells described the circumstances after California Highway Patrolmen James Dukes and Ralph Anderson noted the car and found the letter at 5:25 a.m. today.

She said Sells, despondent and recently given psychiatric treatment, had become annoyed with her and "stormed out" of their trailer home after their dog growled as she was removing its sweater.

Just before, they had been watching a television program called "Paradise."

The note, accompanied by a scribbled will, lay on the front seat of the car.

Coast Guard vessels from the Fort Point Life Boat Station at the Presidio promptly searched the Bay waters under the bridge, but a strong ebb tide was flowing and nothing was found.

Real Estate Group Says Mortgage Money Better

WASHINGTON (AP) — The National Assn. of Real Estate Boards reported today that more funds are available for conventional mortgage financing of homes and at lower rates than six months ago.

C. Armel Nutter of Camden, N.J., president of the association, said reports from realty dealers throughout the country indicated a widespread shift from a lenders' to a borrowers' market in residential financing.

The current situation, Nutter said, is in sharp contrast to that of a year ago "when the upward trend of interest rates was acting like a brake on the residential market and when resistance of buyers to credit costs and sellers to discounts (the difference between the face value of the loan and the amount actually received) were widely reported."

4-HOUR HEARING

Council Unmoved On Doctors' Plea

An estimated 20,250 words of sworn testimony, given over a period of four hours and four minutes, failed last night to sway the collective opinion of the Corte Madera Town Council.

The five councilmen remained unanimously of the opinion that the part-time practice of osteopathy in a residence at 22 Mohawk Avenue is not "clearly incidental" to the use of the house as a home by Drs. Gertrude and Vernon D. Casey.

Last night's standing-room-only hearing, the third on the same subject, was conducted in the manner of a courtroom session, complete with three attorneys, a court reporter and the oath of truthfulness taken by all participants en masse.

It was held on the advice of Town Atty. John B. Ehlen. He advised the formality of a repeat performance because testimony produced at the prior hearings was inadmissable as evidence in court due to a faulty recording system. A record is necessary inasmuch as the Doctors Casey, their permit of occupancy having been revoked after issuance by town zoning administrator William McBride, have appealed their case to superior court.

On the basis of last night's testimony, the court will be asked to decide whether the action of the council in revoking the permit was "arbitrary, unreasonable and capricious," as the Caseys contend.

Representing the doctors were attorneys Fred C. Robbins Jr. and Frank B. Peebles. On the side of the town was Ehlen.

Each councilman, at least a dozen residents of the neighborhood and both doctors were examined and cross-examined. Attorneys managed to insert into the official record every conceivable point, pro and con, which had been brought out at prior hearings.

As in the former sessions, the crux of the matter lay in the interpretation of the phrase "clearly incidental."

Although Dr. Casey insisted that she takes care of a maximum of five patients a day in her part-time practice, Ehlen maintained that there was nothing in the ordinance to prevent her from caring for 20 or more patients.

"What if the election happened to go wrong and hard times befell the doctor?" he asked. "Once the home occupancy permit is granted, it gives her the right to an unlimited practice — or the right to sell the house to another osteopath."

The town based its case on the premise that establishment of a professional practice in a residential neighborhood is harmful to the adjoining residents and violates the intent of the zoning ordinance.

Testimony of the neighbors conflicted sharply, a portion of them expressing indignation and annoyance at the practice, others insisting they were not bothered in the least.

In his final summation for the doctors, following a unanimous vote of the council instructing Ehlen to draw up a resolution declaring the permit null and void, Robbins submitted that nothing had been introduced which would alter the facts as he saw them, to wit: The permit is legal, binding and justified.

Absent from the proceedings was McBride, who was married last weekend, and was on his honeymoon when his name was called to take the witness stand.

"That's a justified excuse in any courtroom," Ehlen said.

The trustees also:

Queen's Plane 'Buzzed' By Jet Fighters

LONDON (AP)—Two jet fighters sped closely over Queen Elizabeth's plane today as she flew home from Denmark. One of her crewmen termed the buzzing "a nasty moment." He said the clearance was only about 50 feet.

The jets were described as Sabres, a plane of American design used by several European members of the North Atlantic Treaty Organization.

The crew of the queen's Comet jetliner reported the incident after landing at London airport. They said it happened at about 30,000 feet when the plane was 20 miles north of Eelde, The Netherlands.

In The Hague, a spokesman for the Dutch Ministry of Communications said the planes belonged to the West German air force.

The brush was reported to Amsterdam airport's traffic control as a "near miss."

The queen was flying home with her husband, Prince Philip, after a weekend visit with the Danish royal family.

The largest English-speaking city south of Miami is Kingston, Jamaica. It has a population of 300,000.

Soviets Write Off Arms Talk Now

UNITED NATIONS, N.Y. (AP)—The Soviet Union virtually wrote off the current U.N. disarmament debate today by declaring that the only way of solving the arms problem is to convene a special session of the General Assembly next spring at the summit level.

Soviet Deputy Foreign Minister Valerian A. Zorin made a new appeal to the Western powers to accept the Soviet approach, but he said "it is becoming increasingly evident that at present the United States is not ready to hold productive negotiations on disarmament."

Zorin told the assembly's 99-nation Political Committee that if the Western powers fail to heed his latest appeal to agree on a treaty for general and complete disarmament "we shall have no other choice but to terminate our participation in the discussion of the disarmament problem" in the committee.

Zorin repeated earlier Soviet charges that the Western powers are using the arms talks "as a screen for covering up the policy of the arms race and brinkmanship."

The new Soviet intervention came quickly after British Minister of State David Ornsby-Gore firmly rejected the Soviet approach yesterday in a major speech.

U.S. Ambassador James J. Wadsworth also had insisted earlier that the Western powers were standing behind their own plan for a more gradual approach to disarmament and their demands for foolproof inspection safeguards.

Zorin said the peoples of the world are following the U.N. discussions closely and they see "the realistic program of general and complete disarmament proposed by the Soviet Union" and the "the United States and other Western powers stubbornly refuse to accept this program or even to discuss it in detail.

Home With A-Shelter Not Selling So Well

PITTSBURGH (UPI) — If people are afraid of nuclear attack, they are even more afraid their neighbors will know of their fears.

That is the rueful opinion of home builder Anthony B. Obidzinski, who gambled that a ranch home with a fallout shelter was a sure-fire seller in this prime target industrial city.

When Obidzinski opened the newly completed home for inspection last year, throngs of curious were awed by its luxury appointments.

The seven-room brick and stone ranch home, located in an exclusive suburban section, offered a 22-foot all-electric kitchen, a spacious living room with bookshelf planter, three bedrooms, two baths and two powder rooms, a double garage and a 42-foot game room with a built-in bar and movie projection equipment, a big stone fireplace and a 4-foot rotisserie.

Obidzinski believed, and other builders agreed, the price was right at $44,000. But more than a year has passed and the home remains unsold, although the price tag has been trimmed to $36,000.

The reason, Obidzinski said, is that Pittsburghers are more afraid of others knowing they are afraid than of nuclear war itself. The addition of a 22x8-foot underground shelter with facilities to care for a family of four for two weeks in nuclear fallout conditions has cost him a sale—and nearly his business and health, Obidzinski said.

The fallout shelter, which Obidzinski believes brought the creditors to his door, is built of 10-inch blocks. It is complete with its own emergency power supply, sanitary facilities, refrigeration and a weather-warning device. But people aren't buying.

Obidzinski said his health has suffered from worry and he has had to borrow heavily to keep his business solvent since he built the home and shelter.

And the nuclear age dream house itself? It probably will go on an auctioneer's block at a sale some time in September to satisfy the builder's creditors.

Smog Control Device Office Set Up In L. A.

LOS ANGELES (UPI) — The manufacturer of a smog control device for automobile exhausts has set up an office here, hoping to get early approval of their device from the state.

Universal Oxidation Processes Inc., a subsidiary of the Universay Oil Products Co. of Des Plaines, Ill., yesterday announced establishment of a headquarters.

There also were unconfirmed reports that General Motors was considering installation on its cars of a smog control device, developed by Dr. Eugene Houdry and Gordon Larson, former Los Angeles County smog control czar.

The state has not approved any automobile smog control devices.

Obidzinski believed, and other builders agreed, the price was right at $44,000. But more than a year has passed and the home remains unsold, although the price tag has been trimmed to $36,000.

The reason, Obidzinski said, is that Pittsburghers are more afraid of others knowing they are afraid than of nuclear war itself. The addition of a 22x8-foot underground shelter with facilities to care for a family of four for two weeks in nuclear fallout conditions has cost him a sale—and nearly his business and health, Obidzinski said.

The fallout shelter, which Obidzinski believes brought the creditors to his door, is built of 10-inch blocks. It is complete with its own emergency power supply, sanitary facilities, refrigeration and a weather-warning device. But people aren't buying.

Obidzinski said his health has suffered from worry and he has had to borrow heavily to keep his business solvent since he built the home and shelter.

And the nuclear age dream house itself? It probably will go on an auctioneer's block at a sale some time in September to satisfy the builder's creditors.

Smog Control Device Office Set Up In L. A.

LOS ANGELES (UPI) — The manufacturer of a smog control device for automobile exhausts has set up an office here, hoping to get early approval of their device from the state.

Universal Oxidation Processes Inc., a subsidiary of the Universay Oil Products Co. of Des Plaines, Ill., yesterday announced establishment of a headquarters.

There also were unconfirmed reports that General Motors was considering installation on its cars of a smog control device, developed by Dr. Eugene Houdry and Gordon Larson, former Los Angeles County smog control czar.

The state has not approved any automobile smog control devices.

Nicasio 4-H Club Installs Officers

Ted Munkres was installed as president of the Nicasio 4-H Club recently.

Other officers installed in a candlelight ceremony by County Farm Advisor Don Brittsan were Sharon Ward, vice president; Stephanie Barboni, secretary; Terry Tomasini, treasurer; Susan Clapp, reporter; Charles Dolcini, sergeant-at-arms, and Carol Corda, hostess.

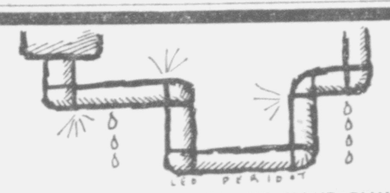

Ballot Propositions To Be Discussed

Three propositions to appear on the Nov. 8 ballot—state water bonds, Senate reapportionment and veterans' exemptions—will be emphasized by speakers at a meeting of the Mill Valley branch of the American Assn. of University Women tomorrow at 8 p. m. in the Mill Valley Community Church.

Supervisor Vera Schultz will introduce the speakers. The meeting is open to the public.

Additive keeps you up-to-date automatically. Now you don't have to wait 20 years or more for your present plumbing to become obsolete. LEAKY TIKI—This is the way the raft Leaky Tiki looked when it set sail Oct. 7 from Eureka for Australia. The raft apparently was wrecked, and three crew members are being sought. (UPI Telephoto)

Sea Hunt On For 3 From Wrecked Raft

SAN FRANCISCO (AP) — Two Coast Guard planes and two cutters today searched the Pacific 100 miles southwest of here for three men whose Australia-bound raft was wrecked in stormy seas.

Missing are Charles Aylen, 36; Donald Trawitski, 35, and Jerry Ball, 26, all of Puyallup, Wash.

A missing life raft and a faint voice on a shortwave radio offered the only hope that they survived the breakup of their craft, Leaky Tiki.

A life raft which carried a small radio transmitter was not among the debris of the Leaky Tiki found Sunday.

A San Francisco Bay Area woman—a bedridden invalid—said she was listening to a short wave radio shortly after 3 p.m. yesterday when she heard a faint voice calling "Leaky Tiki, help."

The woman, who did not want her name revealed, reported the call to the Coast Guard.

The Leaky Tiki put out from Eureka Oct. 7.

The full name of the South American nation of Brazil is "Estados Unidos do Brazil" or United States of Brazil.

Sausalito's Low Retires

Paul V. Low, Sausalito street superintendent for 35 years, has retired.

When Low first went to work for the city, roads in the south end of town were still surfaced with red rock, Low said. The area was paved in 1926, after the hill and south areas of town were paved.

Low, who is 67 and lives at 151 Edwards Avenue with his wife Zelda, said he plans to go to Germany in the spring to visit his son, Capt. James F. Low of the Air Force, and his family. Captain Low, an ace in the Korean War, is with the North Atlantic Treaty Organization forces.

Robert McGowan, foreman under Low, is temporarily in charge of the department until the city council takes action on a new superintendent.

Palsy Group Establishes Scholarships

Establishment of a college scholarship fund by United Cerebral Palsy of Marin was announced today.

Starting with the 1960-61 school year, two $500 scholarships will be offered to handicapped high school students who plan to study in the field of special education, including the treatment, care or teaching of the handicapped.

The board of directors voted unanimously to establish the fund at a recent meeting in the office of the California Pacific Title Co. in San Rafael.

Robert L. Sideroff of Novato, vice president, was in charge of the meeting in the absence of Mrs. William B. Hickman of Tiburon, president.

At the same meeting, it was voted to purchase a record player and special electric typewriter for use at Marindale School for handicapped children.

Marin funds for the organization's program to aid victims of cerebral palsy come from the annual public campaign in January, Sideroff said. The organization also accepts special gifts and sponsors periodic special events. A benefit rummage sale Nov. 5 in Larkspur is next on the calendar.

Sideroff said that directors voted enthusiastic thanks to Sheriff Louis P. Mountanos for the $500 donation from proceeds of the recent dinner-dance sponsored by the sheriff's office.

United Cerebral Palsy of Marin will co-sponsor a seminar on "The Challenge of Cerebral Palsy" Thursday and Friday in Santa Rosa. Professional workers and volunteers from nine counties will attend.

Tourists spent an estimated $110 million in Hawaii last year.

ORGANIST FEATURED — Frank Stitt of Kentfield will be featured on the Marin Baldwin Organ Club program at 8 p.m. Thursday at the Outdoor Art Club of Mill Valley. He spends most of the year on tour in concerts and recitals. The program is open to the public.

Marin Singers Attend Meeting

Marin's Chapter of the SPEBSQSA (Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America) was represented by 32 members at the Western States District meeting of the society in Long Beach over the weekend.

The Saltairs, a local chorus group, placed fourth in chorus competition. Five western states, California, Utah, Nevada, Arizona and Hawaii, were represented at the competition.

Pumpkins Break Auto's Windows

Halloween came a week early for Pasuule Petterti, 26, of 13 Shell Road, Mill Valley.

Pumpkins were thrown through the front windshield and plastic rear window of his convertible Saturday night at C's Drive In, Miller Avenue, Mill Valley.

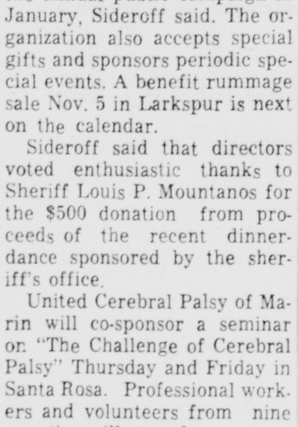

Sheriff's deputies reported that A. B. Wooley of Sausalito drove into the drive-in in a truck loaded with pumpkins. A group of teen-agers jumped one the back of the truck and started to throw the pumpkins. No one was arrested.

Our High School Kids At Worst Are Better Than Carousing Adults

Do your high school kids run wild after football games? Do they rush through streets screaming?

Set your teeth on edge, don't they?

I went to a football game in a western city. The home team won. Noisy teen-agers snaked through the streets. They laughed till they cried.

"We won!" they chanted. "We won, by golly, we won!"

They weren't drunk. They didn't swear. No one made passes at girls. They were just excited.

The next night I was in another city. A convention of middle-aged men was in progress. Can you guess what I saw.

Drunks everywhere. Fat, sloppy drunks with big bellies, flabby jowls, glazed, bloodshot eyes. Some stood at the corners with electric canes in their hands. When women went by they poked them and turned on the electricity. The women screamed. The men laughed like crazy.

They yelled obsene suggestions to the retreating ladies.

Profanity? I've never heard worse. A nice looking college girl walked by. Two elderly drunks invited her to their room. She flushed and turned away. She could have been the daughter of either one of the men.

I went to my room. I listened to the sound of bottles breaking on the pavement outside. All night I heard drunken songs and yells. Prostitutes made their dreary rounds, knocking on doors.

My conclusion? It's obvious. Our high school kids at their noisy worst can't compare with middle-aged men when they cut loose. Teen-agers are decent people after all, aren't they?

READERS' FORUM

(Q)—"My boy is failing in first grade. How many others will fail too?"

(A) I depends on the customs of the school and the teacher. Some schools fail only 8 per cent or 10 per cent of the first graders, some 30 per cent to 35 per cent. More children fail in first grade than in any other.

Homecoming Week Starts At College

Due to an error in yesterday's Independent-Journal, College of Marin's homecoming week was announced as taking place next week instead of this week.

The festivities began today with a sack race in which members of the school's five service clubs competed.

A rally is scheduled for tomorrow noon in Olney Hall, at which candidates for campus homecoming queen will be introduced.

An exchange rally with Napa Junior College will take place Thursday and another spirit rally is scheduled for Friday. The week will conclude with a dance following Friday night's football game with Napa J.C.

'Non-Support' Man Turns Up Right At Home

A 46-year-old San Rafael man wanted by San Francisco authorities for six years on charges of failure to support his children properly, has been working all that time for the City and County of San Francisco, it was learned yesterday.

Ernest R. Press of 1562 Lincoln Avenue surrendered himself yesterday on the non-support charge, and was to appear in San Francisco Municipal Court today.

A pumping engineer for the recreation and park department, Press was relaxing in Golden Gate Park on his lunch hour a few weeks ago when he was spotted by a friend of his ex-wife.

Mrs. Press in the last six years has received $7,350 in Aid to Needy Children funds from the Public Welfare Department, according to George McLaughlin, administrative assistant in the San Francisco district attorney's office.

Press obtained a Reno divorce about 1953, and was ordered to pay $100 a month in support for his two children, Nancy, now 10, and Barbara, now 18 and married. According to his wife, the full payments were made for a while, then dropped to an average of $12 or $15 a week.

Mrs. Press said she thought her husband lived out of town. Some of his letters were postmarked from Reno or Southern California.

Press gave his correct name when hired by the city, however, and also was listed in the Marin County telephone directory.

He claimed he was supposed to pay only $25 in support, and said he did so regularly.

New Jersey's first conservation law was enacted in 1675. It provided a bounty for killing predatory wolves.

Hamilton Troop Wing Gets Second Place At 'Rodeo'

The 349th Troop Carrier Wing from Hamilton Air Force Base took second place last week among reservists competing in a "rodeo" at Fort Campbell, Ky.

Eighteen wings from throughout the United States competed. The 349th, headed by Brig. Gen. Rollin B. Moore Jr., who piloted the Hamilton entry, took fifth place in overall competition, which included three active duty wings.

Moore's crew included Capt. Ray M. Foster, co-pilots Thomas Burford, navigator, and S/Sgt. Willard Stell, crew chief, all of Novato.

The crews flew their C-119 flying boxcars on four missions during the competition, including a night celestial navigation flight, medium and low level flights. Paratroopers and equipment were dropped during each mission.

The view from the 1,472-foot Empire State Building reaches as far as 50 miles into five states.

Terra Linda Rec Board To Meet

A special meeting of the newly formed Terra Linda Recreation District board of directors has been called for tomorrow night to consider a joint exercise of powers agreement with the Terra Linda Community Services District.

Also to be discussed are a proposed bond issue for the district, a resolution of necessity for the issue and a resolution of public notice of the plans.

The plans will begin at 8 p.m. at Bernard Hoffman School.

Employees May Apply For Time To Vote Nov. 8

At the General Election to be held Tuesday, Nov. 8, an employee who does not have sufficient time to vote outside of working hours may take off as much time as will enable him to vote, announced Atty. Gen. Stanley Mosk.

Howeevr, not more than two hours of the time shall be without loss of pay, Mosk advised.

The time taken off must be at the beginning or end of the regular working shift "whichever allows the most free time for voting and the least time off from the regular working shift unless otherwise mutually agreed," Mosk said.

The employee must tell his employer on the third working day prior to the day of election that he will need the time off to enable him to vote on election day to meet the requirements of a two-day notice, Mosk noted.

The employer must also have posted notice 10 days prior to election the provisions of section 5699 of the Elections Code.

Our High School Kids At Worst Are Better Than Carousing Adults

Do your high school kids run wild after football games? Do they rush through streets screaming?

Set your teeth on edge, don't they?

I went to a football game in a western city. The home team won. Noisy teen-agers snaked through the streets. They laughed till they cried.

"We won!" they chanted. "We won, by golly, we won!"

They weren't drunk. They didn't swear. No one made passes at girls. They were just excited.

The next night I was in another city. A convention of middle-aged men was in progress. Can you guess what I saw.

Drunks everywhere. Fat, sloppy drunks with big bellies, flabby jowls, glazed, bloodshot eyes. Some stood at the corners with electric canes in their hands. When women went by they poked them and turned on the electricity. The women screamed. The men laughed like crazy.

They yelled obsene suggestions to the retreating ladies.

Profanity? I've never heard worse. A nice looking college girl walked by. Two elderly drunks invited her to their room. She flushed and turned away. She could have been the daughter of either one of the men.

I went to my room. I listened to the sound of bottles breaking on the pavement outside. All night I heard drunken songs and yells. Prostitutes made their dreary rounds, knocking on doors.

My conclusion? It's obvious. Our high school kids at their noisy worst can't compare with middle-aged men when they cut loose. Teen-agers are decent people after all, aren't they?

An exchange rally with Napa Junior College will take place Thursday and another spirit rally is scheduled for Friday. The week will conclude with a dance following Friday night's football game with Napa J.C.

Harlow Husband's '32 Death Probed

LOS ANGELES (AP)—After 28 years, the district attorney's office is again investigating the death of writer-producer Paul Bern, husband of the late Jean Harlow.

Bern's death in 1932 was listed officially as suicide. Miss Harlow died five years later, at 26, of uremic poisoning.

Dist. Atty. William B. McKesson said yesterday a fresh inquiry is being made because writer Ben Hecht said in a recent magazine article that a suicide note reputedly left by the 42-year-old Bern was a forgery. Hecht charged that Bern was murdered by a woman, whom he did not name.

Hecht's article said film studio officials decided it was better that the public believe Bern killed himself than to let it be known that Miss Harlow could not keep her husband.

Bern and the actress were married July 2, 1932. Two months later Bern was found shot to death just outside the door of his bedroom in their Benedict Canyon home.

"When a writer of Ben Hecht's stature puts in public print without qualification that a murder has been committed, it is up to the district attorney's office to investigate the case, no natter how long ago it occurred," McKesson said.

At the time of Bern's death, Miss Harlow could give police no motive for suicide. The next day she tried to throw herself off a balcony, officers reported.

It was then discovered, police said, that Bern had for 10 years supported a woman whose maiden name was Dorothy Millette. A few days after Bern's death her body was found in a slough of the Sacramento River, officers said.

U.N. Troops Take Up Positions To Prevent Move On Leopoldville

LEOPOLDVILLE (UPI)—United Nations troops were reported to have taken up positions along the Leopoldville-Thysville highway today to prevent an armored brigade of Congolese troops from moving into this troubled capital to bolster the regime of strongman Col. Joseph Mobutu.

Informed sources said the U.N. forces armed with antitank guns and other heavy equipment, were deployed at strategic points on the twisting road to Thysville, some 100 miles southwest of Leopoldville.

U.N. special military adviser Gen. I. Rikhye issued a strong warning to Mobutu not to try to bring the elite brigade into the capital, informants said.

The U.N. move was reported shortly after Mobutu's ruling council of high commissioners claimed it had deposed premier Patrice Lumumba legally and demanded that the U.N. recognize the new regime.

The U.N. officially is pledged to support the Lumumba government. The U.N. troop action appeared to have been motivated by fears that Mobutu wanted to use the armored brigade to put added pressure on the U.N. to recognize his claims.

Mobutu, whose grip over the Congo's political situation has been slipping, evidently planned to bolster his regime by bringing the elite unit into Leopoldville.

Congolese troops in the capital have been rampaging through the African section of Leopoldville in a search of arms and Lumumba supporters.

Mobutu last night canceled a scheduled trip to U.N. headquarters in New York and political observers speculated he feared that Lumumba might stage a comeback while he was away.

Dr. Stephen E. Epler, director of College of Marin, welcomed the delegates with an opening address in Olney Hall. Seven separate group workshops were held throughout the day.

School Bond Vote Rule Change Urged

State Sen. John F. McCarthy (R-San Rafael) today proposed lowering the school bond passage requirement for school districts to 60 per cent instead of the present two-thirds, because he feels "this represents a fairer proportion of interests pro and con."

This would mean he pointed out, that for every four persons who voted against a bond issue, six would have to favor the bonds to insure passage—instead of two "yes" votes to offset each "no" vote under the current law.

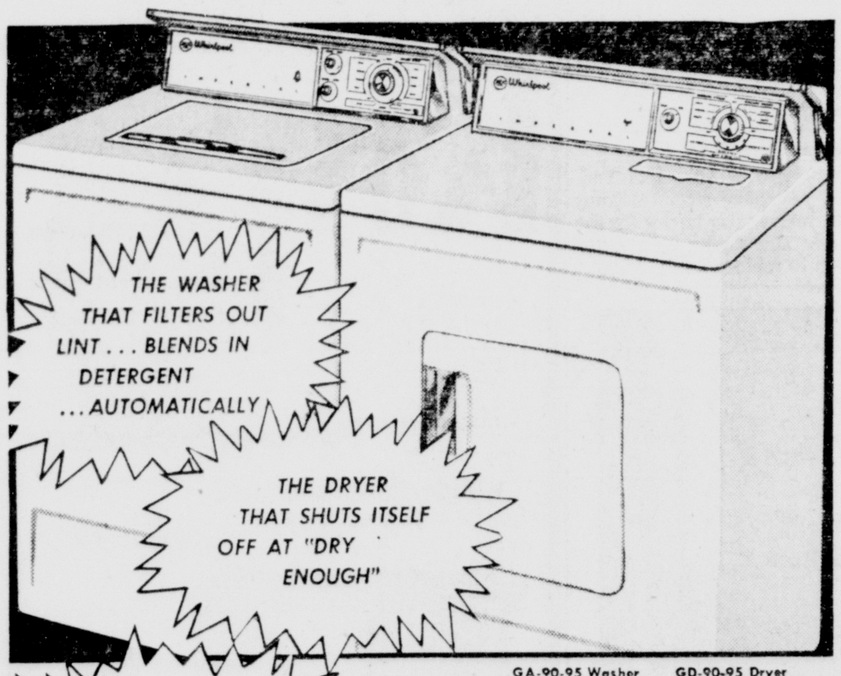

The present two-thirds rule is set by the California Constitution, but McCarthy said he will introduce legislation to amend the rule if he is returned to Sacramento.

School Bond Vote Rule Change Urged

State Sen. John F. McCarthy (R-San Rafael) today proposed lowering the school bond passage requirement for school districts to 60 per cent instead of the present two-thirds, because he feels "this represents a fairer proportion of interests pro and con."

This would mean he pointed out, that for every four persons who voted against a bond issue, six would have to favor the bonds to insure passage—instead of two "yes" votes to offset each "no" vote under the current law.

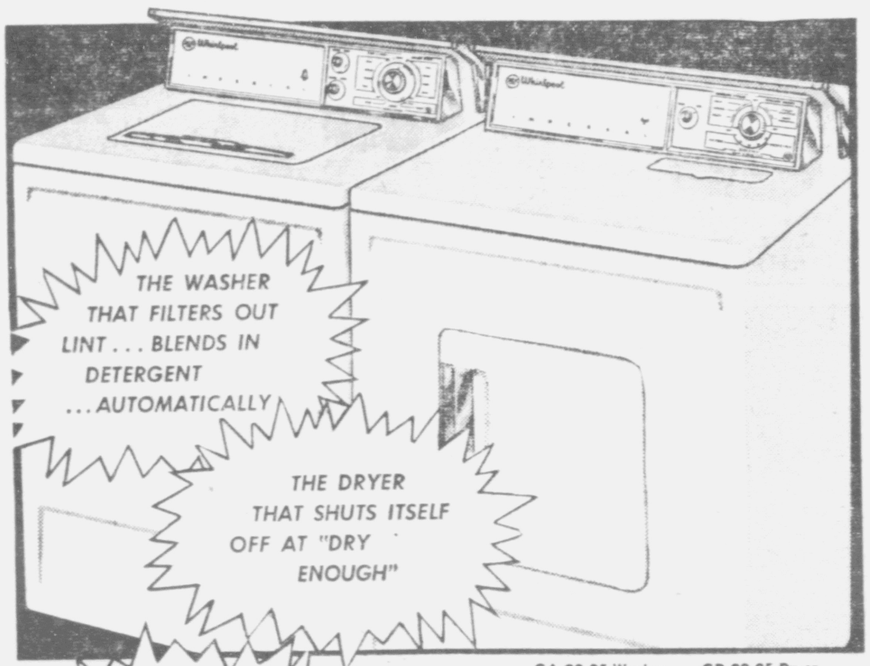

The present two-thirds rule is set by the California Constitution, but McCarthy said he will introduce legislation to amend the rule if he is returned to Sacramento.

Stengel To Giants? Ridiculous! S.F. Needs Young, Vigorous Man

CONNOLLY

TUCSON — The big question facing baseball fans in San Francisco in particular, and northern California in general, is whether or how Casey Stengel, recent relic of the N.Y. Yankees, fits into the Giants.

Bob Hunter, to whom I turned over my baseball writing assignment on the L.A. Examiner when I became sports editor, strongly hints Ol' Case might be headed our way.

Hunter suggests Stengel may be field manager, business manager, club director or player personnel manager.

Hunter even suggests that the acquisition of Stengel might be of great help to the Giants when the inter-league trading period starts next month. He says Stengel knows every player worth while in the American League. And everybody knows if the Giants are going any place in 1961 it is going to be with players acquired in trades with the American League.

Which is okay.

If you ask me, and please do, the report on Stengel's possibility of joining the Giants, in any capacity, is silly enough to be strictly in line with some of the other stupid moves the Giants have made since coming west.

TO ACCEPT Casey Stengel as Giants' field manager, director, or what have you, positively is ridiculous. Ol' Case needs no help physically, financially or mentally. He speaks three languages—English, profane and pig-latin. And all three fluently.

If the Yankees, planning a youth movement, think S.F. is a haven for ball players or managers who have worn out their usefulness in New Yawk, they have another guess coming.

Sometimes the failure of the N.Y. brass to get in line with western ideas and hospitality is hard to swallow. The mob who came here with the Giants from Noo Yawk never heard of the Ferry Building, Fisherman's Wharf or even knew where Powell & Market Streets were located.

AND RIGHT now you can get a 5 to 1 bet that 90 per cent of them, excluding Jerry Donovan and Walter Mails, do not know where the Cliff House is located.

Horace Stoneham, owner of the Giants, has a lot of headaches facing him. And we are sorry if we seem to pile on any more. But Horace owes S.F. an obligation.

It isn't to guarantee a National League pennant in any one season;

It isn't to field an all-white ball club;

It isn't to give us a home run hitting club;

It IS to supply S.F. with a MAJOR LEAGUE BALL CLUB; A YOUNG AND VIGOROUS BIG LEAGUE MANAGER AND A HUSTLING, FIGHTING BALL CLUB.

Casey Stengel in S.F. might be a baseball sideshow; a real circus attraction. But he wouldn't be any better or any worse than those of the Giants' managers who went before him.

THE NATIONAL League owner who hires Stengel might be doing it only to spite the N.Y. Yankees.

And Stengel needs no such favor from anyone. And that might include the United States mint.

S.F. wants big league baseball, not as it was played in the good old daze, but as they play it in elite company today.

Industry, long ago, pensioned off guys like Stengel as part of big business principles.

Baseball is big business.

And Horace Stoneham knows it better than anyone else.

SO I SAY to Mister Stoneham, let's have a live wire manager, one who has no axes to grind or noses to pinch.

We've had our share of baby sitting managing, old time managing and enough of guys who outguess themselves as coaches.

Let's have a young, vigorous big league manager for the Giants in 1961.

Mercury Race Proves To Be Huge Success

Robin Hobart Of Host Club Sails Whimsy In First

By AL MATSON

It must be admitted that the weather over the past weekend was hardly conducive to a full program of outdoor sports. Yet the Richardson Bay Area, strangely enough, provided better than average conditions for the running of the Mercury Invitational Trophy Regatta.

Winds were quite light for the initial race on Saturday but were of a sufficiency to permit the fleet of 24 boats to finish in respectable times. There was a bit of mist for the second encounter on Sunday morning, but a favorable breeze prevailed and a good race was had by all.

In a fitting climax all conditions were near perfect—smooth seas, a fulsome wind and some warming sunshine in the final event on Sunday afternoon.

Robin Hobart of the host club, by scoring a first and two seconds in his Whimsy, amassed 67½ points to emerge the winner, thereby gaining possession of the trophy for one year at least.

He barely edged the Richmond Yacht Club entry Marike sailed by John Boonstoppel; just one point difference. Doug Biard of the Stillwater Yacht Club, Carmel, skippered the Piper into the third spot.

The grab bag trophy, an out of the hat award for one of the middle finishers, was won by the Griffin brothers who also made the long trek from Carmel.

The regatta, attended by sailors from points as far distant as Fresno, met with enthusiastic acclaim by all in attendance and the 1961 event will undoubtedly draw even a greater fleet.

Dr. Albert Cops Marin Golf Final

Marin Golf and Country Club completed its 1960 men's championship tournament over the weekend with Dr. Richard Albert nailing down the "Marin Flight" title with a 2-up victory over Henry Helbig.

Earlier in the week theaterman Nate Blumenfeld won the club championship by beating Bob Williams on the 35th hole of their scheduled 36-hole finals.

In the first flight finals over the weekend Charles Swenson beat Bill Rutherford 3 and 1; Leo Ross staged a remarkable rally, coming from five down at the end of 10 holes to beat Jim Scribner 1 up in the second flight; Bill Brantman won the third flight 2 and 1 over Scott Graham and Jack Wittman beat Richard McCabe in the fourth flight by a 2 up measure.

Consolation matches: Championship flight, Phil Frates d. E. Osbourne, 1 up; Marin flight, Joe Davidor d. Dee Scatena, 2 and 1; First flight, Robert Peterzon d. Bill McCall, 1 up; Second flight, Bob Steele d. Bill Heyman, 2 and 1; Third flight, Bob Lauenstein d. Emmett Rorney, 1 up; Fourth flight, Bill Delmonte d. Ralph Briggs, 2 up.

Iowa Continues As Grid Leader

By ASSOCIATED PRESS

Iowa continued as the No. 1 football team in the country for the second straight week in the Associated Press ratings today—and this time the Hawkeyes won going away.

When they took over as top kick last week, they nosed out Mississippi by just two points.

This week, they compiled 458 points to 395 for the Rebels. Thirty-four members of the 48-man voting board placed the Hawkeyes first. Nine others had Mississippi in first place and five awarded the No. 1 spot to Syracuse, which finished back in third place with 355 points.

The points were figured in the usual order of 10 for a first place vote, 9 for second place and so on down the line. All told, only 19 teams received votes.

There was little change from last week's ratings because only one team in that first 10 lost. Purdue, which had held down the 10th spot, fell before Iowa, 21-13, and as a result bounced out of the select company.

Michigan State, on the basis of its 35-0 victory over Indiana, elbowed its way into the No. 10 position.

The leaders:

1. Iowa	458
2. Mississippi	395
3. Syracuse	355
4. Navy	290
5. Missouri	283
6. Minnesota	267
7. Baylor	191
8. Ohio State	172
9. Washington	76
10. Michigan State	41

Hawkeyes Also Set Pace In UPI Football Poll

NEW YORK (UPI) — Iowa's hustling Hawkeyes opened a 50-point lead over Mississippi today in the United Press International weekly major college football ratings.

Twenty-two members of the 35-man UPI Board of Coaches picked Iowa as the nation's No. 1 team while Mississippi garnered only seven first place votes compared to 16 in last week's balloting.

The Hawkeyes, who replaced Ole Miss in first place last week by a slim six-point margin, totaled 331 points while the Rebels remained second with 281.

Defending champion Syracuse retained third place with 258 points, Minnesota replaced Navy as the No. 4 team with 208 points and the Middies dropped to fifth place with 185.

Rounding out the top 10 were Missouri (175), Baylor (149), Ohio State (145), Washington (59) and Michigan State (26).

Michigan State was the only newcomer to the top 10, moving from 13th to 10th place. Purdue skidded from eighth to 14th place after dropping a 21-14 decision to Iowa.

Tennessee headed the second 10 group and was followed in order by Rice, Arkansas, Purdue, Kansas, Duke and New Mexico State. Wyoming and Colorado tied for 18th place and UCLA was 20th.

Pirates Slice Up Series Pie; $8,417 Apiece

Loot Falls Far Short Of 1959 Record Returns

NEW YORK (AP)—The Pittsburgh Pirates, baseball's latest team of destiny, finally have reached the point where they can pocket the profit of the World Series monies. One full share of destiny was worth $8,417.94, before taxes.

That was the figure announced yesterday by Baseball Commissioner Ford Frick. A full share of the losers' pool amounted to $5,214.64 for the New York Yankees.

The Bucs' bucks totaled $286,500.82 that was split into 33½ full shares divided among 38 persons — Manager Danny Murtaugh, players, coaches, their trainer and clubhouse attendant—and 12 cash awards totaling $4,500, divided among the bat boy, clubhouse assistants, the groundkeeper, part-time players and batting practice pitcher Virgil Trucks.

The Yankees split their overall take of $191,000.95 into 35⅓ full shares, divided 41 ways and 11 cash awards totaling $6,750.

Both the winning and losing shares were far short of the records set a year ago when the Los Angeles Dodgers and Chicago White Sox played two payoff games in the 100,000-seat Los Angeles Coliseum. The Dodgers' record winning share was $11,231.18, while the White Sox collected a top losers' share of $7,275.17.

Thirty per cent of the players' pool is divided among the first division teams in the two leagues — the runners-up getting 15 per cent, the third-place clubs collecting 10 per cent and the fourth-place finishers getting 5 per cent.

That broke down to a full share of $1,527.75 for the Milwaukee Braves, $991.39 for the St. Louis Cardinals and $501.58 for the Dodgers, who placed two-three-four behind the Pirates in the National League. In the American, the Baltimore Orioles' full share was $1,564.68, the White Sox $935.00 and the Cleveland Indians' $494.31.

Thirty Pirates received full shares, including Hall of Famer George Sisler, the batting instructor; outfielder Joe Christopher, who was not with the club all season; trainer Danny Whalen and clubhouse attendant John Hallahan.

The Yankees voted 39 full shares, two three-quarter shares of $3,910.98, a pair of two-third shares, six half shares and two quarter shares.

Cisco Makes Believer Of His Pal Gonsalves

GILMAN HOT SPRINGS (AP)—Cisco Andrade has made a believer of an old friend, Johnny Gonsalves, as he completes preparations for Friday night's lightweight championship bout against Joe Brown.

Gonsalves, a professional boxer of several years' experience, says he thinks Andrade is going to lift the title from Brown. Johnny, of Oakland, is here as Cisco's chief sparmate.

"I may be a bit prejudiced, for Cisco is an old-time friend," Gonsalves said yesterday, "but I think he'll beat Brown. He's sharp and strong. He's been belting me around, slipping by my jabs, moving inside. If I drop my elbows too low he comes in with an overhand right. He's ready."

Gonsalves once was a leading contender for the lightweight title. He was an exceptionally good boxer in his heyday, but he lacked the big punch.

Sixto Rates As Favorite This Evening

RICHMOND — Sixto Rodriguez of San Anselmo is favored to successfully defend his California light heavyweight boxing title against Bob Sand in Richmond Auritorium tonight.

Rodriguez is given the edge because of superior boxing prowess, although Sand is a powerful puncher.

It will be a 12-round fight. Rodriguez will enter the ring with a 23-4-2 record. Sand has a 9-5-2 record, including seven knockouts.

J. C. Huggins, Richmond heavyweight, meets Cleveland Graham of Los Angeles in the six-round semi-windup. A four-rounder will open the show at 8:30 p.m.

Godih Outpointed By S. F. Scrapper

SAN FRANCISCO (AP)—Bobby Sanders, 141½, of San Francisco, took a 10-round decision from Lahouari Godih of French Algeria last night. Godih weighed 140½.

There were no knockdowns and neither fighter was ever in serious difficulties, but Godih was cautioned three times for low blows. It was the first professional boxing card in 33 years at Kezar Pavilion, used mostly for high school basketball.

Robin Hobart of the host club, by scoring a first and two seconds in his Whimsy, amassed 67½ points to emerge the winner, thereby gaining possession of the trophy for one year at least.

He barely edged the Richmond Yacht Club entry Marike sailed by John Boonstoppel; just one point difference. Doug Biard of the Stillwater Yacht Club, Carmel, skippered the Piper into the third spot.

The grab bag trophy, an out of the hat award for one of the middle finishers, was won by the Griffin brothers who also made the long trek from Carmel.

The regatta, attended by sailors from points as far distant as Fresno, met with enthusiastic acclaim by all in attendance and the 1961 event will undoubtedly draw even a greater fleet.

Iowa Continues As Grid Leader

By ASSOCIATED PRESS

Iowa continued as the No. 1 football team in the country for the second straight week in the Associated Press ratings today—and this time the Hawkeyes won going away.

When they took over as top kick last week, they nosed out Mississippi by just two points.

This week, they compiled 458 points to 395 for the Rebels. Thirty-four members of the 48-man voting board placed the Hawkeyes first. Nine others had Mississippi in first place and five awarded the No. 1 spot to Syracuse, which finished back in third place with 355 points.

The points were figured in the usual order of 10 for a first place vote, 9 for second place and so on down the line. All told, only 19 teams received votes.

There was little change from last week's ratings because only one team in that first 10 lost. Purdue, which had held down the 10th spot, fell before Iowa, 21-13, and as a result bounced out of the select company.

Michigan State, on the basis of its 35-0 victory over Indiana, elbowed its way into the No. 10 position.

The leaders:

1. Iowa	458
2. Mississippi	395
3. Syracuse	355
4. Navy	290
5. Missouri	283
6. Minnesota	267
7. Baylor	191
8. Ohio State	172
9. Washington	76
10. Michigan State	41

Hawkeyes Also Set Pace In UPI Football Poll

NEW YORK (UPI) — Iowa's hustling Hawkeyes opened a 50-point lead over Mississippi today in the United Press International weekly major college football ratings.

Twenty-two members of the 35-man UPI Board of Coaches picked Iowa as the nation's No. 1 team while Mississippi garnered only seven first place votes compared to 16 in last week's balloting.

The Hawkeyes, who replaced Ole Miss in first place last week by a slim six-point margin, totaled 331 points while the Rebels remained second with 281.

Defending champion Syracuse retained third place with 258 points, Minnesota replaced Navy as the No. 4 team with 208 points and the Middies dropped to fifth place with 185.

Rounding out the top 10 were Missouri (175), Baylor (149), Ohio State (145), Washington (59) and Michigan State (26).

Michigan State was the only newcomer to the top 10, moving from 13th to 10th place. Purdue skidded from eighth to 14th place after dropping a 21-14 decision to Iowa.

Tennessee headed the second 10 group and was followed in order by Rice, Arkansas, Purdue, Kansas, Duke and New Mexico State. Wyoming and Colorado tied for 18th place and UCLA was 20th.

Pirates Slice Up Series Pie; $8,417 Apiece

Loot Falls Far Short Of 1959 Record Returns

NEW YORK (AP)—The Pittsburgh Pirates, baseball's latest team of destiny, finally have reached the point where they can pocket the profit of the World Series monies. One full share of destiny was worth $8,417.94, before taxes.

That was the figure announced yesterday by Baseball Commissioner Ford Frick. A full share of the losers' pool amounted to $5,214.64 for the New York Yankees.

The Bucs' bucks totaled $286,500.82 that was split into 33½ full shares divided among 38 persons — Manager Danny Murtaugh, players, coaches, their trainer and clubhouse attendant—and 12 cash awards totaling $4,500, divided among the bat boy, clubhouse assistants, the groundkeeper, part-time players and batting practice pitcher Virgil Trucks.

The Yankees split their overall take of $191,000.95 into 35⅓ full shares, divided 41 ways and 11 cash awards totaling $6,750.

Both the winning and losing shares were far short of the records set a year ago when the Los Angeles Dodgers and Chicago White Sox played two payoff games in the 100,000-seat Los Angeles Coliseum. The Dodgers' record winning share was $11,231.18, while the White Sox collected a top losers' share of $7,275.17.

Thirty per cent of the players' pool is divided among the first division teams in the two leagues — the runners-up getting 15 per cent, the third-place clubs collecting 10 per cent and the fourth-place finishers getting 5 per cent.

That broke down to a full share of $1,527.75 for the Milwaukee Braves, $991.39 for the St. Louis Cardinals and $501.58 for the Dodgers, who placed two-three-four behind the Pirates in the National League. In the American, the Baltimore Orioles' full share was $1,564.68, the White Sox $935.00 and the Cleveland Indians' $494.31.

Thirty Pirates received full shares, including Hall of Famer George Sisler, the batting instructor; outfielder Joe Christopher, who was not with the club all season; trainer Danny Whalen and clubhouse attendant John Hallahan.

The Yankees voted 39 full shares, two three-quarter shares of $3,910.98, a pair of two-third shares, six half shares and two quarter shares.

Cisco Makes Believer Of His Pal Gonsalves

GILMAN HOT SPRINGS (AP)—Cisco Andrade has made a believer of an old friend, Johnny Gonsalves, as he completes preparations for Friday night's lightweight championship bout against Joe Brown.

Gonsalves, a professional boxer of several years' experience, says he thinks Andrade is going to lift the title from Brown. Johnny, of Oakland, is here as Cisco's chief sparmate.

"I may be a bit prejudiced, for Cisco is an old-time friend," Gonsalves said yesterday, "but I think he'll beat Brown. He's sharp and strong. He's been belting me around, slipping by my jabs, moving inside. If I drop my elbows too low he comes in with an overhand right. He's ready."

Gonsalves once was a leading contender for the lightweight title. He was an exceptionally good boxer in his heyday, but he lacked the big punch.

Sixto Rates As Favorite This Evening

RICHMOND — Sixto Rodriguez of San Anselmo is favored to successfully defend his California light heavyweight boxing title against Bob Sand in Richmond Auritorium tonight.

Rodriguez is given the edge because of superior boxing prowess, although Sand is a powerful puncher.

It will be a 12-round fight.

Rodriguez will enter the ring with a 23-4-2 record. Sand has a 9-5-2 record, including seven knockouts.

J. C. Huggins, Richmond heavyweight, meets Cleveland Graham of Los Angeles in the six-round semi-windup. A four-rounder will open the show at 8:30 p.m.

Godih Outpointed By S. F. Scrapper

SAN FRANCISCO (AP)—Bobby Sanders, 141½, of San Francisco, took a 10-round decision from Lahouari Godih of French Algeria last night. Godih weighed 140½.

There were no knockdowns and neither fighter was ever in serious difficulties, but Godih was cautioned three times for low blows. It was the first professional boxing card in 33 years at Kezar Pavilion, used mostly for high school basketball.

Are Bass Moving Upstream? Signs Would Seem To Indicate They Are

STEVENS

Are the bass moving upstream? It would seem so.

We note that Skipper Bill Esmond and his Happy Days No. 4 craft fished off the Black Buoy at Port Costa Saturday and netted limits for each of his seven passengers. Heavy fish too—10 to 25 pounds.

We have had several reports of some fine catches made in the lower Suisun Bay and at the mouth of the Montezuma Slough. At least one dandy 32-pounder was taken at the mouth of False River, and a 24-pounder was caught at Franks Tract the past few days. Some good to excellent returns were reported from bang fishing at McAvoy and one skiff made a killing on high tide at Pelican Point.

Are the bass still around the San Pablo Bay haunts? It would seem so.

The Jackpot, out of Dowrelio's Crockett Harbor, accounted for 49 stripers up to 12 pounds Saturday in the buoys eight and 10 region. The No. 6 boat came in the same day with 23 bass to 12 pounds, the Little Caesar had the same number of the same weight; the Sportsman No. 2 unloaded an even two dozen fish to 12 pounds, the Phil Ray showed 38 to 10 pounds and the Hurricane on two trips accounted for 41 stripers to 10 pounds.

On the Marin side of the Bay action was much faster than for several weeks past. Joe Nerviani of Joe's Launching on Santa Venetia Slough reported Joe Mello and friend with five bass to 12 pounds, while Ken Wallman and pal limited out twice in succession.

Joe Nerviani and a friend tried their luck at the Shell Bank. "We had six hits and caught six bass and had to come in. The fish weighed from 10 to 16 pounds. It was wonderful," chortled Joe. He also reported Ed Milani had his limit of four and five pounders and the William McGowans continue to limit out while fishing off Buoy 6. They feature bass from four to eight pounds.

Joe Stock and two buddies unloaded seven stripers to 11 pounds. A young lady, Edie Arp, had her limit to six pounds, Ed Majesky and friend displayed five bass to 10 pounds and Ernie Gekly came in with one four, one five and one 14 pound striper.

It wasn't too pleasant fishing from a skiff on either Saturday or Sunday, and the total catch in all areas on Sunday was far short of the take on Saturday—which is normal.

An occasional flounder has come in from hither and yon, but it is our opinion that it will be a week or longer before the flatties appear in numbers.

Just had a phone call from a reader bewailing the fact that her hubby had brought home a beautiful looking bass of 11 pounds, but that when they sat down to eat it, it tasted of oil. She asked if there is any way to fix a bass to rid it of the bad taste, or to tell if it will be oily tasting before it is cooked.

To the latter we answer "yes;" to the first part of the question the answer is "no."

It is a fact that every once in awhile an "oily" fish is caught. The fish isn't hurt, but no one relishes biting into a luscious looking bit of fish food and finding it tasting as though dipped in kerosine.

As such a contaminated fish works its way upstream, the obnoxious odor and taste disappears. But that doesn't answer the question, does it?

The only certain method we know to determine whether a bass is oily or not is to never fry, boil or bake any striped bass caught in any section of the Bay until you have tested it. Cut a small strip off the belly of the fish. Fry it. If it's very oily you will smell it; if only slightly contaminated (but still enough to spoil the taste) you can only tell by tasting that piece of belly.

We know of no other way to tell a pure from an oily fish. Personally we seldom give a fish to a friend or neighbor without testing it ourself, or at least to warn the recipient to make the test.

Stanford, Cal Coaches Both Sing Blues—And They Have Good Reason

PALO ALTO (AP) — No one in the football coaches Marv Levy of California and Jack Curtice of Stanford for being disconsolate.

Neither club has won a game this season and for the first time in history they may reach their traditional "Big Game" season finale without a triumph.

This week the Bears of California meet tough Oregon State at Corvallis while Stanford entertains the University of Southern California.

"We turned in probably our poorest performance of the season against Oregon," said Levy discussing his club's 20-0 setback last Saturday. "And we have lost both our linebackers George Pierovich and Dick Carlsen for this week's game."

Pierovich injured an ankle and Carlsen reinjured a knee.

"Against Oregon State's Terry Baker we'll be against probably the best long passer we have faced or will face all season," Levy continued.

He used the term "probably" in deference to Stanford's Dick Norman, the nation's leading thrower a year ago.

Coach Jack Curtice, whose club lost to UCLA 26-8 last week, termed the Uclans "the best team we've faced all season, a team with great speed."

He added, "We're going to be ready for USC and going to give an all out effort. I've never been with a bunch of kids who so want to come back each week with that all-out drive."

San Jose State's Bob Tichenal was the only happy coach at the session. His Spartans have whipped Stanford and Arizona State on successive Saturdays.

"I felt our defense did a great job stopping Arizona State and halfback Nolan Jones," Titchenal declared. "Jones averaged just one yard per carry."

"Johnny Johnson traveled 108 yards in 10 carries against them."

Johnson's 44-yard run provided the margin of the 12-7 victory as the speedy sophomore scored his eighth touchdown of the campaign.

Bucs' Friend Made 'Comeback Of Year' In National Loop

NEW YORK (UPI) — Bob Friend, one of the major disappointments of the 1959 season, was picked today as the player who made the No. 1 comeback of the 1960 National League season.

The Pittsburgh Pirates' 29-year-old fireballer was named by the United Press International's 24-man board of N. L. experts, which also noted the comebacks of Stan Musial, Ernie Broglio and Curt Simmons of the St. Louis Cardinals and Ed Roebuck of the Los Angeles Dodgers.

Friend, who has been with the Pirates since 1951, received 12 votes, Musial and Broglio were tied with four each, and Roebuck and Simmons received two each.

Friend, whose 8-19 record helped to explain the Pirates' fourth-place finish in 1959, was a workhorse along with 20-game winner Vern Law this year. Friend compiled an 18-12 record, pitched in 38 games and 276 innings, hurled 16 complete games and had a 3.00 earned run average.

Musial, who hit .255 in 1959 rose to .275 with 17 homers and 63 runs batted in this year while Broglio, only 7-12 in 1959, was the surprise star of the circuit with a 21-9 record, 187 strikeouts and a 2.75 E.R.A.

Roebuck, who spent the 1959 season with St. Paul, relieved in 58 games and had an 8-3 record for the Dodgers while Simmons, picked up by the Cardinals after the Philadelphia Phillies gave up on him, had a 7-4 record.

Betsy Rawls To Appear At Novato Links

Betsy Rawls, one of the nation's leading woman golf professionals, will appear at the Indian Valley Golf Club in Novato on Nov. 8, it was announced today.

Miss Rawls, leading money winner in the pro circuit, will conduct a clinic and play an exhibition match with top Marin County amateurs. In a best-ball match over nine holes, Miss Rawls will team with Indian Valley champion Mrs. William May against champs from three other clubs—Mrs. John Cann of the Meadow Club, Mrs. Carman Wadman of Sonoma and Mrs. Fred Apostoli of Marin Golf Club.

A luncheon at noon will precede the golf match and the clinic will conclude the day.

Women are invited to match their scores against Miss Rawls and may play the course free of charge in the morning.

BUT A.P. VOTE GIVES HONOR TO 'THE MAN'

ST. LOUIS (AP) — If Stan Musial has his wish, he'll make an even bigger comeback in 1961 than the one that earned him the Associated Press' National League Comeback Player of the Year award for 1960.

"I'd like to hit over .300 next season," the St. Louis Cardinals' all-time great said today, "and possibly play a little more. I wasn't a bit tired at the end of the season."

Musial, who will be 40 on Nov. 21, beat out teammate Curt Simmons by 11 votes Monday in the A.P. poll of baseball writers. Musial received 55 ballots, Simmons 44. Bob Friend of Pittsburgh was third with 30 and Richie Ashburn of Chicago fourth with 11. Another Cardinal, Ernie Broglio, rounded out the top five with 7 votes.

Tanforan Winner

SAN BRUNO (AP)—Mr. Dan A. won the main racing event at Tanforan by a head from Fair Dawn yesterday.

Two Cripples Rejoin 49er Squad

SAN FRANCISCO (AP)—Offensive tackle John Thomas and defensive halfback Jim Ridlon, both recovering from injuries, rejoined the San Francisco 49ers today.

Thomas had been out with a broken hand. Ridlon had a leg ailment.

But the 49ers, who staggered home after their second straight loss Sunday, had some bad medical news as well. Guard Ted Connolly, injured in a practice collision before the Green Bay game, was taken to St. Mary's Help Hospital where doctors are contemplating a knee operation.

And rookie end Dee Mackey, who was helped off the field at Milwaukee after a shakeup, went into the hospital for observation.

She asked if there is any way to fix a bass to rid it of the bad taste, or to tell if it will be oily tasting before it is cooked.

To the latter we answer "yes," to the first part of the question the answer is "no."

It is a fact that every once in awhile an "oily" fish is caught. The fish isn't hurt, but no one relishes biting into a luscious looking bit of fish food and finding it tasting as though dipped in kerosine.

As such a contaminated fish works its way upstream, the obnoxious odor and taste disappears. But that doesn't answer the question, does it?

The only certain method we know to determine whether a bass is oily or not is to never fry, boil or bake any striped bass caught in any section of the Bay until you have tested it. Cut a small strip off the belly of the fish. Fry it. If it's very oily you will smell it; if only slightly contaminated (but still enough to spoil the taste) you can only tell by tasting that piece of belly.

We know of no other way to tell a pure from an oily fish. Personally we seldom give a fish to a friend or neighbor without testing it ourself, or at least to warn the recipient to make the test.

SKI PATROL READY FOR SEASON

Members of the Marin Ski Patrol are pictured at their last meeting getting prepared for the big season of skiing—and injuries—in the Sierra. Model patient is Pam Treanton, splints on her "broken" leg, being lifted on rescue sled. At right foreground is Instructor Gene Riggs, chief of the patrol. Reading clockwise are Bill Nitzel, Laura Kneier, Foss Kirkner, Herman Volv, Alan Kneier, Bob Neuhaus, Bruce Kirkner and Riggs. The Marin patrol recently greeted 26 new members who will patrol the ski slopes this winter. (Jim Kean photo)

Stanford, Cal Coaches Both Sing Blues—And They Have Good Reason

PALO ALTO (AP) — No one in football coaches Marv Levy of California and Jack Curtice of Stanford for being disconsolate.

Neither club has won a game this season and for the first time in history they may reach their traditional "Big Game" season finale without a triumph.

This week the Bears of California meet tough Oregon State at Corvallis while Stanford entertains the University of Southern California.

"We turned in probably our poorest performance of the season against Oregon," said Levy discussing his club's 20-0 setback last Saturday. "And we have lost both our linebackers George Pierovich and Dick Carlsen for this week's game."

Pierovich injured an ankle and Carlsen reinjured a knee.

"Against Oregon State's Terry Baker we'll be against probably the best long passer we have faced or will face all season," Levy continued.

He used the term "probably" in deference to Stanford's Dick Norman, the nation's leading thrower a year ago.

Coach Jack Curtice, whose club lost to UCLA 26-8 last week, termed the Uclans "the best team we've faced all season, a team with great speed."

He added, "We're going to be ready for USC and going to give an all out effort. I've never been with a bunch of kids who so want to come back each week with that all-out drive."

San Jose State's Bob Tichenal was the only happy coach at the session. His Spartans have whipped Stanford and Arizona State on successive Saturdays.

"I felt our defense did a great job stopping Arizona State and halfback Nolan Jones," Titchenal declared. "Jones averaged just one yard per carry."

"Johnny Johnson traveled 108 yards in 10 carries against them."

Johnson's 44-yard run provided the margin of the 12-7 victory as the speedy sophomore scored his eighth touchdown of the campaign.

Basketball Meetings

Meetings to organize three San Rafael men's basketball leagues for this winter are scheduled tomorrow and Thursday evenings at Albert Field.

"A" and "B" class leagues will meet tomorrow night and "C" league teams Thursday night, both starting at 7:30 o'clock.

Bucs' Friend Made 'Comeback Of Year' In National Loop

NEW YORK (UPI) — Bob Friend, one of the major disappointments of the 1959 season, was picked today as the player who made the No. 1 comeback of the 1960 National League season.

The Pittsburgh Pirates' 29-year-old fireballer was named by the United Press International's 24-man board of N. L. experts, which also noted the comebacks of Stan Musial, Ernie Broglio and Curt Simmons of the St. Louis Cardinals and Ed Roebuck of the Los Angeles Dodgers.

Friend, who has been with the Pirates since 1951, received 12 votes, Musial and Broglio were tied with four each, and Roebuck and Simmons received two each.

Friend, whose 8-19 record helped to explain the Pirates' fourth-place finish in 1959, was a workhorse along with 20-game winner Vern Law this year. Friend compiled an 18-12 record, pitched in 38 games and 276 innings, hurled 16 complete games and had a 3.00 earned run average.

Musial, who hit .255 in 1959 rose to .275 with 17 homers and 63 runs batted in this year while Broglio, only 7-12 in 1959, was the surprise star of the circuit with a 21-9 record, 187 strikeouts and a 2.75 E.R.A.

Roebuck, who spent the 1959 season with St. Paul, relieved in 58 games and had an 8-3 record for the Dodgers while Simmons, picked up by the Cardinals after the Philadelphia Phillies gave up on him, had a 7-4 record.

Betsy Rawls To Appear At Novato Links

Betsy Rawls, one of the nation's leading woman golf professionals, will appear at the Indian Valley Golf Club in Novato on Nov. 8, it was announced today.

Miss Rawls, leading money winner in the pro circuit, will conduct a clinic and play an exhibition match with top Marin County amateurs. In a best-ball match over nine holes, Miss Rawls will team with Indian Valley champion Mrs. William May against champs from three other clubs—Mrs. John Cann of the Meadow Club, Mrs. Carman Wadman of Sonoma and Mrs. Fred Apostoli of Marin Golf Club.

A luncheon at noon will precede the golf match and the clinic will conclude the day.

Women are invited to match their scores against Miss Rawls and may play the course free of charge in the morning.

BUT A.P. VOTE GIVES HONOR TO 'THE MAN'

ST. LOUIS (AP) — If Stan Musial has his wish, he'll make an even bigger comeback in 1961 than the one that earned him the Associated Press' National League Comeback Player of the Year award for 1960.

"I'd like to hit over .300 next season," the St. Louis Cardinals' all-time great said today, "and possibly play a little more. I wasn't a bit tired at the end of the season."

Musial, who will be 40 on Nov. 21, beat out teammate Curt Simmons by 11 votes Monday in the A.P. poll of baseball writers. Musial received 55 ballots, Simmons 44. Bob Friend of Pittsburgh was third with 30 and Richie Ashburn of Chicago fourth with 11. Another Cardinal, Ernie Broglio, rounded out the top five with 7 votes.

Two Cripples Rejoin 49er Squad

SAN FRANCISCO (AP)—Offensive tackle John Thomas and defensive halfback Jim Ridlon, both recovering from injuries, rejoined the San Francisco 49ers today.

Thomas had been out with a broken hand. Ridlon had a leg ailment.

But the 49ers, who staggered home after their second straight loss Sunday, had some bad medical news as well. Guard Ted Connolly, injured in a practice collision before the Green Bay game, was taken to St. Mary's Help Hospital where doctors are contemplating a knee operation.

And rookie end Dee Mackey, who was helped off the field at Milwaukee after a shakeup, went into the hospital for observation.

BIRTHDAY OF A DREAM THAT LIVED

Marin—like many other places throughout the world — yesterday celebrated the 15th birthday of the United Nations, which began as a dream of world cooperation by a few leaders and came into actuality with signing of the charter in San Francisco 15 years ago. Dag Submits $66 Million Bill On Congo

UNITED NATIONS, N.Y. (UPI) —Secretary-General Dag Harmarskjold today presented a $66,625,000 bill for the first six months of the U.N. operation in the Congo.

The budget estimate, presented to the administrative and budgetary committee, was for the organization, operation and maintenance from July 15 to the end of this year of the 20,000-man U.N. force on duty in the Congo.

It did not include the 100-million-dollar special fund Hammarskjold requested earlier, to be raised by voluntary national contributions, for the Congo's rehabilitation.

Russia and its satellites already have indicated that they will not pay any part of the $166,625,000 cost of what Czechoslovakia termed the "dirty" U.N. work in the Congo.

Hammarskjold noted that the United States has decided to forego payment of "a substantial part" of the costs it incurred in airlifting troops of other countries into the Congo. Those costs to date were estimated in Washington at approximately 13 million dollars.

"It is expected that other governments will also wish to consider to what extent they may be able to take similar action," Hammarskjold's report said.

The Congo budget estimate was expected to touch off a new General Assembly wrangle.

ROCKY SHOPS, CAMPAIGNS FOR NIXON

NEW YORK (UPI) — Gov. Nelson Rockefeller made a bagel-munching, lox-chewing, fig, salami, chocolate ball and eclair-stuffed campaign field trip to upper Broadway yesterday.

Rockefeller, and a group of Republican legislative candidates invaded a supermarket to pin "Click with Dick" buttons on patrons and purchase $3.07 worth of 69-cents-a-pound kosher salami.

The governor and his entourage picked up 35 cents worth of figs, then stopped at a bakery for a bag of eclairs and chocolate balls.

Emerging from the bakery, the governor made his way to a delicatessen where he ordered 95 cents worth of bagel and lox sandwiches. The proprietor picked up the check although the governor offered the pay.

Rockefeller pinched a few babies' cheeks before declaring the Kennedy-Johnson team showed in the recent session of congress that "it couldn't get anything done." With this he wound up his politicking tour for the day.

Reds Demand U.N. Pullout From Korea

PANMUNJON, Korea (UPI) — Communist North Korea, with a strong boost from Red China, today demanded withdrawal of all United Nations forces from the Republic of Korea, but the U.N. command flatly refused.

North Korean Maj. Gen. Joon Chung Joo, chief Communist delegate to the military armistice commission which met here, also accused the U.N. command of introducing rockets, missiles and atomic weapons into South Korea and demanded their immediate withdrawal.

However, Maj. Gen. Marion Dawson, a U.S. Marine Corp officer serving as chief delegate to the armistice commission, told the communists that "the withdrawal of foreign troops from Korea is a political matter and therefore out of the jurisdiction of the military armistice commission."

Dawson also rejected Communists demands for the withdrawal of the weapons.

Communist China and North Korea celebrated the 10th anniversary of the entry of Red Chinese forces into the Korean War today by pledging to drive the United States out of Korea and the Far East.

STILL FACES STORM

A-Force Plan Passed By French Assembly

PARIS (AP) — President Charles de Gaulle today won the approval of a reluctant National Assembly for his atomic striking force but faced more political storms.

His 1.2-billion-dollar plan for France to develop her own nuclear deterrent outside any integrated NATO force was automatically adopted on first reading in the National Assembly when an opposition motion of censure won only 207 votes.

This was 70 short of the necessary 277, but it was the biggest total yet massed against the government of Premier Michael Debre on a censure vote in the 552-seat Assembly. No total was announced of the votes against the motion, or of the abstentions, which were classified in the government's favor.

The opposition mustered 109 votes for censure last November when the 1960 budget was involved. Last May there were 122 votes for a censure motion arising over a farming bill.

This time the issue was the military budget which included 1.2 billion dollars for initial development of a nuclear striking force through 1964.

The fact that censure took the place of a vote on the bill caused many deputies to hold back on expressing their opposition. Had the censure motion won, Debre could have been overthrown. De Gaulle, whose own job was not at stake, probably would have called for new parliamentary elections or a referendum.

The bill now goes to the Senate where it is expected to get further rough criticism, and finally back to the Assembly.

Scout Troops Busy With New Projects

Plans for the fall term include many service projects for Brownie and Girl Scout troops throughout Marin.

Fourth grade Brownie Scouts in Corte Madera Troop 125 participated in the Corte Madera-Larkspur Neighborhood's monthly service project by making Columbus Day tray favors for Ross Hospital.

A miniature of Columbus' flagship "Santa Maria," made of walnut shells, decorated the patients' trays. Under the leadership of Mesdames Albert De Mello, Joseph Pedone and C. G. Mee, the girls also conducted the flag ceremony for the Neil Cummins P-TA October meeting.

Busy on service projects since school started, the members of San Anselmo Troop 147 are now concentrating on the requirements for their Curved Bar Rank in the Homemaking field. The eighth graders of Brookside School spent several days at the Girl Scout office assembling the workers' kits for the United Crusade, and assembling the council bulletin for Girl Scout leaders. The Grape Festival found the Scouts working in one of the popular Coke booths. They also helped the San Anselmo Lion's Club with preparations for the Sight Conservation Day, known as White Cane Day. Mrs. R. W. Morgan is their leader.

The new troop number "31" has been added to the Belvedere - Tiburon Neighborhood since the merger of "Fly-up" Troops 96 and 82. The fifth graders now meet in patrols three times a month, with a regular troop meeting or outing once a month. As their first activity together, the thirty-one Intermediate Scouts spent last weekend together at "Sky Oaks," the Girl Scout Camp in Fairfax. Because it was the first camping experience for most of the girls, the troop's Outdoor Chairman, Mrs. Ethel Field, assisted with the campout plans.

The highlight of the weekend was the Saturday night campfire with each patrol participating in the program. Mrs. William Polhemus, leader of the troop which meets at Reed School, is assisted by Mesdames Edward Doyle, Roy Dutter, John Osborn and Warren Outten. Their active troop committee is headed by Mrs. Richard MacLaury.

Tips To Symptoms Of Ailing Carpet

CHICAGO (UPI) — An ailing carpet can be treated properly only by learning to recognize and treat its various symptoms, the country's largest home care company advises.

The company's carpet experts advise homemakers to keep an eye out for:

—The healthy glow that's evident only when carpet is in top condition. A regular routine of weekly care—overall vacuum- in heavy traffic areas—will help maintain this glow.

—An injured look resulting from spots and spills allowed to settle and permanently mar the carpet surface. Fast first aid is the best precaution. A first aid kit for the purpose has a complete set of cleaners

—A depressed state that stems from constant traffic and use that flattens carpet fibers until they look downtrodden. A damp cleaning, using a special carpet brush and approved cleaner, every six months or so, will pep up carpet in this state.

—A frown or the broadloom equivalent of it that results when creases appear in overworked areas. Turn the carpet at least twice a year, if possible, to prevent or eliminate these creases.

When nothing else helps, it's time to examine the carpet fibers with a magnifying flashlight, which can be borrowed or rented from a professional carpet cleaner.

If soil has penetrated more than one-third down into the fibers, the carpet needs professional cleaning and rejuvenation.

Scout Troops Busy With New Projects

Plans for the fall term include many service projects for Brownie and Girl Scout troops throughout Marin.

Fourth grade Brownie Scouts in Corte Madera Troop 125 participated in the Corte Madera-Larkspur Neighborhood's monthly service project by making Columbus Day tray favors for Ross Hospital.

A miniature of Columbus' flagship "Santa Maria," made of walnut shells, decorated the patients' trays. Under the leadership of Mesdames Albert De Mello, Joseph Pedone and C. G. Mee, the girls also conducted the flag ceremony for the Neil Cummins P-TA October meeting.

Busy on service projects since school started, the members of San Anselmo Troop 147 are now concentrating on the requirements for their Curved Bar Rank in the Homemaking field. The eighth graders of Brookside School spent several days at the Girl Scout office assembling the workers' kits for the United Crusade, and assembling the council bulletin for Girl Scout leaders. The Grape Festival found the Scouts working in one of the popular Coke booths. They also helped the San Anselmo Lion's Club with preparations for the Sight Conservation Day, known as White Cane Day. Mrs. R. W. Morgan is their leader.

The new troop number "31" has been added to the Belvedere - Tiburon Neighborhood since the merger of "Fly-up" Troops 96 and 82. The fifth graders now meet in patrols three times a month, with a regular troop meeting or outing once a month. As their first activity together, the thirty-one Intermediate Scouts spent last weekend together at "Sky Oaks," the Girl Scout Camp in Fairfax. Because it was the first camping experience for most of the girls, the troop's Outdoor Chairman, Mrs. Ethel Field, assisted with the campout plans.

The highlight of the weekend was the Saturday night campfire with each patrol participating in the program. Mrs. William Polhemus, leader of the troop which meets at Reed School, is assisted by Mesdames Edward Doyle, Roy Dutter, John Osborn and Warren Outten. Their active troop committee is headed by Mrs. Richard MacLaury.

MRS. FROSTY WINTER of San Rafael has just presented Guide Dog "Mayme" to Mrs. Essie D. Hamilton of Oakland, as part of the recent graduation ceremonies at Guide Dogs for the Blind, Inc. on Los Ranchitos Road. The presentation was a formality because Mrs. Hamilton and Mayme had trained together for a month prior to their graduation. As a member of the Marin Alumnae Association of Delta Gamma, Mrs. Winter was a hostess

Tips To Symptoms Of Ailing Carpet

CHICAGO (UPI) — An ailing carpet can be treated properly only by learning to recognize and treat its various symptoms, the country's largest home care company advises.

The company's carpet experts advise homemakers to keep an eye out for:

—The healthy glow that's evident only when carpet is in top condition. A regular routine of weekly care—overall vacuum- in heavy traffic areas—will help maintain this glow.

—An injured look resulting from spots and spills allowed to settle and permanently mar the carpet surface. Fast first aid is the best precaution. A first aid kit for the purpose has a complete set of cleaners

—A depressed state that stems from constant traffic and use that flattens carpet fibers until they look downtrodden. A damp cleaning, using a special carpet brush and approved cleaner, every six months or so, will pep up carpet in this state.

—A frown or the broadloom equivalent of it that results when creases appear in overworked areas. Turn the carpet at least twice a year, if possible, to prevent or eliminate these creases.

When nothing else helps, it's time to examine the carpet fibers with a magnifying flashlight, which can be borrowed or rented from a professional carpet cleaner.

If soil has penetrated more than one-third down into the fibers, the carpet needs professional cleaning and rejuvenation.

Duplicate Bridge Winners Listed

Winners of the Tuesday Duplicate Bridge Club are listed:

Jim Carbaugh, Fairfax and Mrs. Oskar Lebeck, first; Mrs. Willis Donnan, Mill Valley and Mrs. Elsie Sigman, Corte Madera second.

The club meets each Tuesday in the Northgate Building of the Marin Art and Garden Center, Ross. This is an open club and both beginners and advanced players are invited. If partners are needed call Eva Reed, director.

Winners this week of the Wednesday Club, meeting at the Marin Jewish Center were Jim Carbaugh, Fairfax and Mesdames Edith VanGutman, Orpha Farmer, Grace Whitehead, first. Second place went to Col. and Mrs. Walter Keisel, Tiburon and Mr. and Mrs. George Hart, Corte Madera.

The Halloween Party and bridge at the Center is planned Wednesday.

Bias-Cut

The newest Hair Fashion Council style starts with the bias-cut of the hair. The locks then are swirled to frame the face in smooth contour. The featured edges of brushed bangs are brushed smooth or scissored to have strands for placement of greatest becomingness. The swirls are shorter and freer, making the shape adaptable for day or evening wear.

Casual hats for men this fall pick up the feathered look from milady's headgear. The feather band circles the hats. It's made of bird feathers — orange, green, yellow.

Dinner Dance Planned At Corinthian Club

Activities at the Corinthian Yacht Club on Saturday night, Oct. 29 will serve a dual purpose.

During a dinner the Belden Gardner perpetual trophy will be awarded. Gardner, who was a member of the club prior to his death, established a system of preferred log racing for power cruisers. The race will be held that day and the trophy, which Gardner established will be awarded the winner.

Later in the evening the club will hold its annual dance to close the Yacht Racing Association season and many from the Gardner dinner will remain for this event. Winners of the Corinthian regatta held in May will be awarded trophies in all divisions and classes.

Burgees from other clubs will decorate the club. The winning boat in each class will be indicated on mock sails, and miniature Corinthian Yacht Club burgees in hurricane lamps will decorate the tables. Arriving guests will be greeted by a cocktail flag flying in front of the club. A midnight buffet will be served.

Wives of the members who are assisting with the arrangements are Mesdames William Spindler, chairman and Robert Evans, Edwin Kingsland, Rampton Harvey, Boyd Thompson, Harris Johnson, John Malone, M.S. Green, and Henry Chapman.

Although the dance marks the end of the Y.R.A. season, sailing will continue for the Corinthian mid-winter regattas will soon be scheduled.

GATHERING DECORATIONS for Saturday Night's dinner and dance at the Corinthian Yacht Club are wives of members who are assisting with the arrangements. From left, are Mesdames William Spindler, Boyd Thompson and Rampton Harvey. The Belden Gardner perptual trophy will be awarded at the dinner.

Succulents To Be Topic Of Club Meet

The Garden Section of the Sausalito Woman's Club will meet Thursday morning at 10:25 a.m. at the clubhouse.

From there the group will go to the nearby residence of Mr. and Mrs. Carl W. Gabrielson to hear Mr. Gabrielson discuss "Succulents—Things of Beauty" as he shows his collection of plants combined with unusual rocks.

Gabrielson is an executive of the Robert Dollar Company in San Francisco and has spent 25 years in the Far East for the firm. After the war, he was first vice president in charge of the entire Far East from Japan to India and, prior to his return to the United States, was managing director for Japan, of the American President Lines. He is presently assistant to the president.

As with so many busy executives, Mr. Gabrielson pursues his hobbies with the same zeal that he brings to his business career. Gathering unusual rocks and succulents and arranging them to form a harmonious whole has become an avocation at which he is highly proficient.

Mrs. Gabrielson will be hostess to the group at coffee and light refreshments after the informal talk. All members are cordially invited to attend, according to Mrs. Wint F. Saint, garden chairman.

Science Makes 'Family-Proof' Panels For Walls

PORTLAND, Ore. (UPI)—"Family-proof" hardwood wall panels with a baked-on factory finish like that of a new automobile have been developed by a large plywood manufacturer here.

The corporation has described the development as a "breakthrough" in permanent clear finishing for nautral wood paneling.

The face sied of the paneling has three machine-applied, baked-on topcoats over an initial sealer coat and a filler coat. A sealer coat also is applied to the back to keep out moisture.

The finishing is a polymarized plastic coating process baked on, cured and bonded into the wood. The surface is immune to damage by scuffing, alcohol stains, and other hazards including most household chemicals.

The panels are being used in rumpus rooms, kitchens and even in the officers' wardroom of an American warship. The latter use has sparked the unofficial nickname "armor plate" among workers producing it.

Dinner Dance Planned At Corinthian Club

Activities at the Corinthian Yacht Club on Saturday night, Oct. 29 will serve a dual purpose.

During a dinner the Belden Gardner perpetual trophy will be awarded. Gardner, who was a member of the club prior to his death, established a system of preferred log racing for power cruisers. The race will be held that day and the trophy, which Gardner established will be awarded the winner.

Later in the evening the club will hold its annual dance to close the Yacht Racing Association season and many from the Gardner dinner will remain for this event. Winners of the Corinthian regatta held in May will be awarded trophies in all divisions and classes.

Burgees from other clubs will decorate the club. The winning boat in each class will be indicated on mock sails, and miniature Corinthian Yacht Club burgees in hurricane lamps will decorate the tables. Arriving guests will be greeted by a cocktail flag flying in front of the club. A midnight buffet will be served.

Wives of the members who are assisting with the arrangements are Mesdames William Spindler, chairman and Robert Evans, Edwin Kingsland, Rampton Harvey, Boyd Thompson, Harris Johnson, John Malone, M.S. Green, and Henry Chapman.

Although the dance marks the end of the Y.R.A. season, sailing will continue for the Corinthian mid-winter regattas will soon be scheduled.

GATHERING DECORATIONS for Saturday Night's dinner and dance at the Corinthian Yacht Club are wives of members who are assisting with the arrangements. From left, are Mesdames William Spindler, Boyd Thompson and Rampton Harvey. The Belden Gardner perptual trophy will be awarded at the dinner.

TODAY'S EDITORIAL

Two Veterans Propositions Conflict, But Both Worthy

Two veteran measures coming before the voters two weeks from today are in conflict with each other. Nevertheless, we are urging a Yes vote on both of them.

PROPOSITION 3 permits permanently and totally disabled veterans entitled to a $5,000 tax exemption on homes acquired with federal assistance, to transfer this exemption to subsequent homes regardless of how they acquired them.

The problem is that veterans without use of their legs, to which this proposition applies, often acquire their homes near a hospital in which they are being rehabilitated. Then, after a few years of training, they are ready to go somewhere else for a job or for their health. If they sell the house, which has special ramps and other facilities for their use, they at present can not get the tax benefit transferred to the next home they acquire.

Only about 500 veterans are involved, we are told. They certainly deserve all the breaks we can give them. We urge a Yes vote on Proposition 3.

PROPOSITION 11 is much broader dealing with veterans exemptions. But it is in conflict with Proposition 3 in that it calls for a similar thing in the same paragraph of the Constitution. Legal opinions say, however, that the proposition with the largest vote will prevail in this conflict.

The major portion of the Proposition 11, however, deals with other matters pertaining to veterans. First. it would clamp down on tax benefits offered veterans of other states who move to California. Only veterans who enter the armed services from California or who live here on Oct. 8, 1960, would be eligible for the $1,000 property tax exemption given veterans owning less than $5,000 in assessed value.

This seems only fair to us. Why should California taxpayers give benefits to veterans from other states who already may have collected their veteran's bonuses? Every California veteran now getting the benefit is protected by the proposition. Yet it calls a halt to the mounting tax exemptions given veterans from other localities, which the local taxpayers have to make up.

There are other matters in the proposition. The husband or widower of a female veteran would be eligible for benefits just as a wife or widow. The veteran's surviving spouse, father or mother would be allowed to have property to a value of $10,000, instead of $5,000 and still receive benefits. But they must reside in the state and the veteran must have been eligible to receive benefits when he died.

These all make our veterans benefits better and more equitable, in our opinion, and we urge a Yes vote on Proposition 11.

Vote Yes On Proposition 4

Proposition 4 on the Nov. 8 ballot set up eight-year terms for the trustees of the newly created State College System. They will administer the state college program in California in much the same way the Board of Regents operates the University of California. But the regents have 16 year terms.

We're glad the proposal is not 16-year terms for the state college board too. We think that is too long, even for the regents. In fact, we would feel happier if the college board were for six years, rather than eight.

But the eight-year term does take the trustees out of politics. That's its purpose and the way our educational problem should be. So we urge a Yes vote.

HAL BOYLE'S COLUMN

If Wife Rifles Hubby's Pockets It Means She Still Loves Him

NEW YORK (AP)—Did there ever live a wife who didn't enjoy looking through her husband's pockets?

It is highly doubtful—not if she really loved him.

If you bring up this question at a social gathering, some lady is bound to declare in ringing tones: "I have been married 20 years, and never went through my husband's pockets once. Why, I wouldn't think of doing such a thing!"

When you hear a woman make a flat statement like that, you can figure, in most cases, that she ought to go right home and wash her mouth out with soap, her husband doesn't have any pockets or she never cared enough about him to look through his pockets.

One of the big differences between husbands and wives is their curiosity about each other.

The average husband may have been a green-eyed suitor during courtship, but after marriage he tends to take his wife for granted. When she objects to this, he tells her in wondering surprise, "Why shouldn't we take each other for granted? Didn't I stand up before the preacher man with you and make all them big vows? Didn't you make all them big vows, too?"

That settles the matter for him.

But a woman, no matter how much her husband loves her, never quite loses her all-enveloping curiosity about him. She wants to know everything about him — from the callous on the sole of his foot to the dandruff in his thinning scalp.

Since a husband's grunts aren't very communicative, she likes to go through his pockets. "I had to empty them so I could send your suit to the cleaner," she explains carefully.

IT ISN'T — after the first few years—that she mistrusts him and expects to find a love note proving he has a secret girl friend. It's just that the contents of his pockets tell her things about him she wants to know.

Does she find three packs of cigarettes? That means it's time for her to lecture him again on smoking too much.

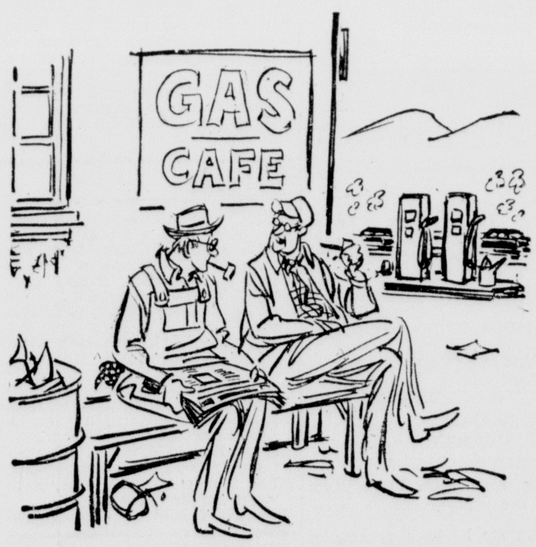

What about this invitation to a friend's party next Tuesday? He had forgotten to tell her. They'd have missed it—if she hadn't decided to send his suit to the cleaners.

A WIFE is a natural detective. The pockets of her husband tell her 101 little things about him that Sherlock Holmes couldn't guess — because she looks with the careful eyes of love.

The time for a husband to worry is when his wife quits going through his pockets. It might well mean she had lost her curiosity about him—and that's the worst sign of all.

For a woman who isn't curious about a man can hardly be in love with him.

Prove Statements On Fluoridation

EDITOR,
Independent-Journal:

I have received a pamphlet in the mail from the Marin Pure Water Committee, Inc., containing, once more, the inflammatory and irresponsible arguments of the violently anti-fluoridationists.

This pamphlet claims that the pro-fluoridationists are really the aluminum, steel and fertilizer companies, fluoridation equipment firms, and the Sugar Research Foundation.

When I inquired of the Children's Health Committee why they had not begun a publicity campaign, they said it was because they didn't have much money and must wait a while before giving out what material they have. Why haven't these supposed stooges of the aforesaid organizations gotten more money for publicity?

And who, by the way, pays the bills for the Marin Pure Water Committee, Inc?

Getting down to the oft-repeated arguments, this pamphlet claims again that fluorine is a poison. It is indeed, as are all the halogens of which fluorine is one. Therefore, following this argument to its logical conclusion, let us stop using all the halogens: no chlorine in our water supplies, or sodium chloride on our tables, no iodine for thyroid conditions, no bromides for sedatives.

Obviously these elements and compounds are safe when used judiciously and under supervision. Why then are fluorides, so used, considered poisonous by anti-fluoridationists? It isn't exactly logical to tell us it's poison when used scientifically in the water supply, and then turn around and suggest we dose ourselves with it if we want fluoridation.

The pro-fluoridationists have ample statistics proving the benefit of fluoridation in preventing cavities (I notice, by the way, no mention of cavities in the pamphlet) yet the anti-fluoridationists do not provide any statistics for their claims.

Can they show one single case of fluorine poisoning due to a fluoridated water supply? Can they show one single case of heart, bone kidney, or other disease directly attributable to fluorine in the water supply?

I demand that they give the public statistics on these claims. How many actual cases of mottled teeth due to artificially fluoridated water can they prove? They show pictures—are these illustrations of mottling in areas where there is controlled fluoridation, or where there is natural fluorine many times greater than the amounts in artificial fluoridation? Let them again provide figures to prove their statements.

One statement in this pamphlet is unfortunately true. Communities are turning down fluoridation. This is a tribute, if you can use the word, to organizations like the Marin Pure Water Committee, who are doggedly determined to defeat fluoridation by scaring the public with the "big lie" technique. I do not know about the Marin Pure Water Committee, but I do know that many of the organizations and individuals against fluoridation have in the past been as bitterly opposed to purification of water by chlorine, pasteurization of milk, and vaccination laws.

Voters of Marin, before you cast your vote on the fluoridation issue, examine carefully the claims of both sides.

Do not be taken in by emotional tirades.

Demand proof, statistics, and scientific facts.

Do you really think that the majority of doctors, dentists, and scientists in the U.S. would endorse a poison for your water? Think!

Some Information On Bartenders, Bars, Drinkers And Other Things

So you're a bartender.

You see the con artists, the drifters, the good and the bad girls, the thieving bartenders. And as tradition has it, you listen to endless tales of woe.

"You try to be a good listener. Sometimes you give advice—they don't listen to it. They're just lonesome people," says one bartender.

This bartender tends a "good" bar, though some may think no bars are good. It's a place where a lone woman (not a lady) can go in alone and know she will come out alone, if she wants to.

REMINISCING, THIS bartender can remember the time he used to work in the city, as we hicks call it. Seems a con artist would come in, go to the washroom and come out with a wedding band he'd previously planted.

He'd ask the bartender to keep it, in case anyone claimed it. Then he'd call up the bartender, say he had lost a ring, and offer a $50 reward. Then the con man, the "finder" who had planted it, would walk in.

The bartender would hand over $25 saying someone had called offering that much reward. And the con man would walk out $25 richer, while the bartender thought he'd made $25.

"Everyone has larceny in their hearts," says this bartender with a shake of a smiling head.

HE SAYS PEOPLE seem to drift into bartending because they like people.

Sometimes people make a beef, a big rumble. "You stop serving them — they leave".

And the cracks about bar liquor aren't always true, he says.

"You go to a nice bar and you'll get good merchandise; you go to a cheap place and you'll get cheap stuff."

Then there was the guy who walked into the bar and spent $40 on drinks because he wanted to spend $40. But he poured his shots down the spittoon. He just wanted to spend $40.

The going rate for bar licenses in Marin is about $13,000, this bartender says. Then you have a $360 yearly fee. To break even, the average bar has to make a 65 per cent profit on every drink. The precentage is higher if its a plush place with high overhead.

AND THE STANDARD tale that all the profit of a restaurant has to come from drinks is false, says this bartender. "Everyone has to make the buck." Admittedly, he says, the bar is the biggest money maker.

People seem to just drift into bartending. Some of them are drifters; some have families and live almost "normal" lives. They learn how to mix drinks through practice, this bartender says.

"When people stop telling you what a lousy drink this is, you keep making it that way."

THIS BARTENDER says you become a bartender "because you like people. If it's a nice place, it's a lot of fun. If it isn't, it's miserable."

"Bartenders always say they're going to get out," he says, "they always come back, because they miss the fun. People come to a bar to party."

Sounds like fun.

Both Candidates Should Be Perfectly Clear On Summit Stand

WASHINGTON — Here is a question which time prevented me from asking during the course of the third debate. I had intended to address it to Vice President Nixon but hoped to get an answer from both:

"You and Senator Kennedy are agreed that neither of you will attend a summit conference with Premier Khrushchev unless there is advance evidence that he is prepared to negotiate seriously. President Eisenhower thought he had such evidence as a result of the Camp David talks, but it proved to be illusory. What I want to ask is this — would you spell out more concretely and specifically the pre-conditions which you would insist upon before going to another summit as President?"

IT SEEMS TO ME increasingly evident that the emotional pressure of world opinion, the threatening pressure of Khrushchev, and the appealing pressure of Prime Minister Macmillan are all working to draw the next President of the United States into an unprepared, un-productive, free-wheeling, and purposeless summit meeting.

Thisi s not a partisan issue. the attitude of mind of both candidates is exactly the same.

While each candidate states he will not attend an unprepared summit, the pressure from every part of the world —from the Soviets, from the neutralist nations, and from our allies — mounts in favor of an unprepared summit.

The Nixon-Kennedy vague pre-condition—that there be some indication in advance that "we are going to accomplish something" — is inadequate because it means something quite different to nearly everybody.

THE FACT IS that President Eisenhower laid down exactly the same condition. He thought he had this commitment at Camp David, but he found that it was too vague to mean anything. In the end he went to a summit without any advance understanding at all.

Again, at the U. N. a few days ago, Mr. K. in the midst of his threats and tirades proposed a spring summit-for-its-own sake. Because this was the one non-bellicose reference, the proposal was greeted by nearly everybody with relief and acquiescence.

Vague agreements will not hold the line against an unprepared summit.

Either through regular diplomatic channels or through a meeting of the foreign ministers, there needs to be a specific, written agreement on at least one or two subjects—Berlin and disarmament, for example—to have any solid guarantee that a summit meeting will accomplish something and not be just a prpoaganda carnival.

Eisenhower reaped the folly of vagueness as a pre-condition. It ought not to be repeated.

THE ADVANCE agreements, if attainable, should be two-way. We mustn't give without receiving, but we can't expect to receive without giving.

If Khrushchev is irrevocably intent upon weakening the independence of West Berlin, he must be informed —with one shoe off if necessary—that the West will fight. But there are numerous ways of clarifying the rights of both sides and securing those mutual rights. We should be eager to approach the issue of Berlin in this spirit if Mr. K. wants to reduce tensions, not reduce Berlin.

TODAY'S EDITORIAL

Two Veterans Propositions Conflict, But Both Worthy

Two veteran measures coming before the voters two weeks from today are in conflict with each other. Nevertheless, we are urging a Yes vote on both of them.

PROPOSITION 3 permits permanently and totally disabled veterans entitled to a $5,000 tax exemption on homes acquired with federal assistance, to transfer this exemption to subsequent homes regardless of how they acquired them.

The problem is that veterans without use of their legs, to which this proposition applies, often acquire their homes near a hospital in which they are being rehabilitated. Then, after a few years of training, they are ready to go somewhere else for a job or for their health. If they sell the house, which has special ramps and other facilities for their use, they at present can not get the tax benefit transferred to the next home they acquire.

Only about 500 veterans are involved, we are told. They certainly deserve all the breaks we can give them. We urge a Yes vote on Proposition 3.

PROPOSITION 11 is much broader dealing with veterans exemptions. But it is in conflict with Proposition 3 in that it calls for a similar thing in the same paragraph of the Constitution. Legal opinions say, however, that the proposition with the largest vote will prevail in this conflict.

The major portion of the Proposition 11, however, deals with other matters pertaining to veterans. First. it would clamp down on tax benefits offered veterans of other states who move to California. Only veterans who enter the armed services from California or who live here on Oct. 8, 1960, would be eligible for the $1,000 property tax exemption given veterans owning less than $5,000 in assessed value.

This seems only fair to us. Why should California taxpayers give benefits to veterans from other states who already may have collected their veteran's bonuses? Every California veteran now getting the benefit is protected by the proposition. Yet it calls a halt to the mounting tax exemptions given veterans from other localities, which the local taxpayers have to make up.

There are other matters in the proposition. The husband or widower of a female veteran would be eligible for benefits just as a wife or widow. The veteran's surviving spouse, father or mother would be allowed to have property to a value of $10,000, instead of $5,000 and still receive benefits. But they must reside in the state and the veteran must have been eligible to receive benefits when he died.

These all make our veterans benefits better and more equitable, in our opinion, and we urge a Yes vote on Proposition 11.

Vote Yes On Proposition 4

Proposition 4 on the Nov. 8 ballot set up eight-year terms for the trustees of the newly created State College System. They will administer the state college program in California in much the same way the Board of Regents operates the University of California. But the regents have 16 year terms.

We're glad the proposal is not 16-year terms for the state college board too. We think that is too long, even for the regents. In fact, we would feel happier if the college board were for six years, rather than eight.

But the eight-year term does take the trustees out of politics. That's its purpose and the way our educational problem should be. So we urge a Yes vote.

If Wife Rifles Hubby's Pockets It Means She Still Loves Him

NEW YORK (AP)—Did there ever live a wife who didn't enjoy looking through her husband's pockets?

It is highly doubtful—not if she really loved him.

If you bring up this question at a social gathering, some lady is bound to declare in ringing tones: "I have been married 20 years, and never went through my husband's pockets once. Why, I wouldn't think of doing such a thing!"

When you hear a woman make a flat statement like that, you can figure, in most cases, that she ought to go right home and wash her mouth out with soap, her husband doesn't have any pockets or she never cared enough about him to look through his pockets.

One of the big differences between husbands and wives is their curiosity about each other.

The average husband may have been a green-eyed suitor during courtship, but after marriage he tends to take his wife for granted. When she objects to this, he tells her in wondering surprise, "Why shouldn't we take each other for granted? Didn't I stand up before the preacher man with you and make all them big vows? Didn't you make all them big vows, too?"

That settles the matter for him.

But a woman, no matter how much her husband loves her, never quite loses her all-enveloping curiosity about him. She wants to know everything about him — from the callous on the sole of his foot to the dandruff in his thinning scalp.

Since a husband's grunts aren't very communicative, she likes to go through his pockets. "I had to empty them so I could send your suit to the cleaner," she explains carefully.

IT ISN'T — after the first few years—that she mistrusts him and expects to find a love note proving he has a secret girl friend. It's just that the contents of his pockets tell her things about him she wants to know.

Does she find three packs of cigarettes? That means it's time for her to lecture him again on smoking too much.

What about this invitation to a friend's party next Tuesday? He had forgotten to tell her. They'd have missed it—if she hadn't decided to send his suit to the cleaners.

A WIFE is a natural detective. The pockets of her husband tell her 101 little things about him that Sherlock Holmes couldn't guess — because she looks with the careful eyes of love.

The time for a husband to worry is when his wife quits going through his pockets. It might well mean she had lost her curiosity about him—and that's the worst sign of all.

For a woman who isn't curious about a man can hardly be in love with him.

Prove Statements On Fluoridation

EDITOR,
Independent-Journal:

I have received a pamphlet in the mail from the Marin Pure Water Committee, Inc., containing, once more, the inflammatory and irresponsible arguments of the violently anti-fluoridationists.

This pamphlet claims that the pro-fluoridationists are really the aluminum, steel and fertilizer companies, fluoridation equipment firms, and the Sugar Research Foundation.

When I inquired of the Children's Health Committee why they had not begun a publicity campaign, they said it was because they didn't have much money and must wait a while before giving out what material they have. Why haven't these supposed stooges of the aforesaid organizations gotten more money for publicity?

And who, by the way, pays the bills for the Marin Pure Water Committee, Inc?

Getting down to the oft-repeated arguments, this pamphlet claims again that fluorine is a poison. It is indeed, as are all the halogens of which fluorine is one. Therefore, following this argument to its logical conclusion, let us stop using all the halogens: no chlorine in our water supplies, or sodium chloride on our tables, no iodine for thyroid conditions, no bromides for sedatives.

Obviously these elements and compounds are safe when used judiciously and under supervision. Why then are fluorides, so used, considered poisonous by anti-fluoridationists? It isn't exactly logical to tell us it's poison when used scientifically in the water supply, and then turn around and suggest we dose ourselves with it if we want fluoridation.

The pro-fluoridationists have ample statistics proving the benefit of fluoridation in preventing cavities (I notice, by the way, no mention of cavities in the pamphlet) yet the anti-fluoridationists do not provide any statistics for their claims.

Can they show one single case of fluorine poisoning due to a fluoridated water supply? Can they show one single case of heart, bone kidney, or other disease directly attributable to fluorine in the water supply?

I demand that they give the public statistics on these claims. How many actual cases of mottled teeth due to artificially fluoridated water can they prove? They show pictures—are these illustrations of mottling in areas where there is controlled fluoridation, or where there is natural fluorine many times greater than the amounts in artificial fluoridation? Let them again provide figures to prove their statements.

One statement in this pamphlet is unfortunately true. Communities are turning down fluoridation. This is a tribute, if you can use the word, to organizations like the Marin Pure Water Committee, who are doggedly determined to defeat fluoridation by scaring the public with the "big lie" technique. I do not know about the Marin Pure Water Committee, but I do know that many of the organizations and individuals against fluoridation have in the past been as bitterly opposed to purification of water by chlorine, pasteurization of milk, and vaccination laws.

Voters of Marin, before you cast your vote on the fluoridation issue, examine carefully the claims of both sides.

Do not be taken in by emotional tirades.

Demand proof, statistics, and scientific facts.

Do you really think that the majority of doctors, dentists, and scientists in the U.S. would endorse a poison for your water? Think!

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

D X Z ' L G Z M P D X Z G W J W B D X Z
D X Y S L H B P Z W V S L L W M B P L X Z Q L
D B P U Z — O P U Z L.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

D X Z ' L G Z M P D X Z G W J W B D X Z
D X Y S L H B P Z W V S L L W M B P L X Z Q L
D B P U Z — O P U Z L.

San Anselmo School Board To Discuss Filling Vacancy

Trustees of the San Anselmo School District are expected to meet next week with county school representatives to begin discussion of a replacement on the district board.

The trustee named will fill the place of Mrs. Rose Eiserich who resigned Oct. 10 giving "work pressure" as the reason.

San Anselmo Supt. Stephen L. Parodi said today that the appointment to the board probably would not be made for two weeks. He has received six applications for the post.

Parodi added that board members and county representatives may bring up other names at the meeting tentatively scheduled for 8 p.m., Nov. 2 at the district offices.

County Supt. of Schools Virgil S. Hollis and Harry Press, a member of the county board, are expected to attend the meeting, Parodi said.

Parodi urged district residents interested in the post to apply at his office, 1024 Sir Francis Drake Boulevard, San Anselmo, or at the office of the Marin County Schools Department, 314 Fourth Street, San Rafael.

New Moisturizing Colonaid Stops
CONSTIPATION DUE TO DEHYDRATION
without gag, bloat or gripe

Most constipation is caused by what doctors call a "thrifty" colon that loses so much moisture that its contents become so dry they block the bowel; so shrunken they fail to stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken contents of your colon which now block your bowel must be remoistened. *Second*, bulk must be brought to S-T-R-E-T-C-H STIMULATE colon to action; to a normal urge to purge. And, of all laxatives, only new COLONAID possesses its great *moisturizing capacity plus its stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, yet is so gentle it has been hospital-proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins or food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation overnight. So, for positive relief from constipation, get amazing, moisturizing new COLONAID today! INTRODUCTORY SIZE 43¢

San Anselmo School Board To Discuss Filling Vacancy

Trustees of the San Anselmo School District are expected to meet next week with county school representatives to begin discussion of a replacement on the district board.

The trustee named will fill the place of Mrs. Rose Eiserich who resigned Oct. 10 giving "work pressure" as the reason.

San Anselmo Supt. Stephen L. Parodi said today that the appointment to the board probably would not be made for two weeks. He has received six applications for the post.

Parodi added that board members and county representatives may bring up other names at the meeting tentatively scheduled for 8 p.m., Nov. 2 at the district offices.

County Supt. of Schools Virgil S. Hollis and Harry Press, a member of the county board, are expected to attend the meeting, Parodi said.

Parodi urged district residents interested in the post to apply at his office, 1024 Sir Francis Drake Boulevard, San Anselmo, or at the office of the Marin County Schools Department, 314 Fourth Street, San Rafael.

New Moisturizing Colonaid Stops
CONSTIPATION DUE TO DEHYDRATION
without gag, bloat or gripe

Most constipation is caused by what doctors call a "thrifty" colon that loses so much moisture that its contents become so dry they block the bowel; so shrunken they fail to stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken contents of your colon which now block your bowel must be remoistened. *Second,* bulk must be brought to S-T-R-E-T-C-H STIMULATE colon to action; to a normal urge to purge. And, of all laxatives, only new COLONAID possesses its great *moisturizing capacity plus its stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, yet is so gentle it has been hospital-proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins or food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation overnight. So, for positive relief from constipation, get amazing, moisturizing new COLONAID today! INTRODUCTORY SIZE **43¢**
